This year has flown by so fast. It's been an amazing and yearbook has taught me some valuable lessons. I learned that giving people titles gets them to do more work, "Head Errand boy" and "Yearbook Guru" are just a few examples. As well I learned that even though the yearbook is the "single most sentimentally valued item of twelve years of school" it's not that important and I shouldn't stress over it. Thanks to Doris, for keeping me calm even when I tended to panic; not many people can do that. You're extremely talented and will succeed in whatever you do! To my section heads for teaching me that I can actually rely on some of you! You guys did an awesome job and together we've created the best yearbook ever! Danny, Alex, Liz knock yourselves out trying to make a better one! Ms. Worth, thank you for inspiring me to become involved and for recognizing that I could accomplish this task. You were on excellent source of guidance and support. Mr. Humphries, we really appreciate all that you did for us, from picking up photos to general encouragement. Thank you. Finally I think my friends deserve a huge thank you for becoming more involved in yearbook than they ever wanted to! Thank you so much to everyone who helped, for all the work that you did - it didn't go unrecognized!

- Hilary

Yearbook is a very complicated task to do; it is harder than anyone would expect. However, with the guidance of Ms. Worth, the help of Mr. Humphries and all the days and nights of the hard work from the yearbook committee members, we have produced the third-most superb annual ever! The creation of this yearbook is a combination of accomplishments from each section: The Junior School head Alex Lea was well organized throughout the year whereas Katherine Cheung and Fiona Lee were rushing to complete their Middle School pages by calling for "full members" meetings to finish the pages in time. The Senior School section includes a solid group of locusts: Eli Gibson (Special Events), Christine Kim (Fine Arts), Stephen Lee (Grad and Mugs), Beckie MacDonald, Anna Burianova (Sport), and Chris Wong. Boone Avasadanond who joined the yearbook family at the end of the year managed to do the Boarding section all alone. You all did a fantastic job!

Special thanks to my gracious partner: Hilary- the heart of the yearbook! Without you, I would not be able to handle the task! So... enjoy the book and I hope everyone will appreciate for our yearlong effort!

THIS IS THE CAPTAIN SPEAKING

PRE-FLIGHT ANNOUNCEMENT

Even a yearbook, with all its pictures and write-ups and messages and capsule commentaries on the lives of graduates, has a hard time capturing all the important events in a school year. Starting in September, our editors and faculty advisors sat down to anticipate what will be the important events, and trying to be as comprehensive in their planning as they can possibly be. This record of the school year, in all its aspects, is a monumental task, involving many hours of work that are unseen and unrewarded in public. Yet these hours of work produce such fine results, and the people who put together this record of the year deserve so much credit!

To a certain extent, a measure of any year is the strength of its graduating class, and this year's class has been outstanding. The list of their achievements is long, in all spheres – academic, athletic and artistic – and they have been accepted to the strongest list of universities that anyone can remember. But as this book indicates, there is so much else to a year: the experiences of students in the Middle School and the Senior as they take trips to Japan, or as they perform in Honour Choirs, and Orchestras, or as they prepare for sports day in the Junior School. In addition, quite a bit of time has been spent this year, by a number of people, on developing and finalizing new facilities plans, which will be very exciting in the future!

We are fortunate to have a school community full of teachers, parents and students who are positively focused on creating the complete, supporting environment that provides the stimulation and variety necessary for success, both as individuals and as a school. We are lucky to be able to create, within our

"Ummm... I was unprepared to speak today and unfortunately I am not wearing my green jacket."

community, an atmosphere where students are eager to try things out, to find their limits and to pursue their own particular potential. This is the route to excellence, in its multitude of forms.

We have to be grateful to those who spend all those hours putting together this record of memories for us all to share, especially in this outstanding year. Vivat!

GHOULS AND GHOSTS

OH MY!

On Halloween, the Grade 5 classes went to visit the Symons and Harvey boarding houses on the senior School campus. There, the students enjoyed a specially prepared Brown Hall Dinner and a haunted house which was created by the boarders. Each student was looked after by a girl from Symons House and a boy from Harvey house. The haunted house was so popular that some of the kids went through it twice, but nobody admitted to being scared! So it looks like all those shrieks heard from outside must have been from the ghosts in the basement!

Visiting Symons House..... love the spooky rooms!

DECK THE HALLWAYS...

SANTA IS COMING TO SMUS!

Fill the gym with sounds of SMUdents, fa la la la la, la la la la. Dancing, carolling, having fun, fa la la la la, la la la la. Christmas time has now begun...

Once again it was time for the annual Christmas concerts at the Junior School. Parents rushed about, madly trying to make a whole sheet of wrapping paper fit their Christmas hampers, hot apple cider wafted through the halls, and students scratched their heads as they tried to find that elusive piece of costume. Throughout the whole evening, Santa's elves, all the way from the North Pole, mingled with the kids, read stories, and helped with the hustle and bustle. The evenings songs, Christmas Story, and amazing Ukrainian and Swing dancing, was followed by a special visitor: Santa! Excitement overtook the students and they ran towards him! Santa had lots of "Ho, ho, ho's", candy canes, and knee space for all the students, and their siblings. As they left in the sleigh, Santa and his elves could be heard saying, "Merry Christmas to all the SMUS kids, and thank you for a wonderful night!"

Dreaming of Tennis

*Tennis is the greatest sport,
I race all over the tennis court,
I loop my arm around and hit it high,
Like a rainbow in the sky,
My serve goes sizzling like a bullet on fire,
I move my opponent from side to side to make him tire,
I would come to the net and volley like a star,
And drive in a limo, not a car!
I would arrive to the tennis match, my face lit up with glee,
I would see all the flashes go off, which are pictures of me.

Then I ran to see what it was.*

*I opened the front door and saw my Dad,
Shovelling and scraping like a snowplough
gone mad,
When he finished he came inside,
Cold, but full of pride,
And then made hot chocolate for us!

Don't Pop My Bubble

I started on one day you see,
It happened by the sea you see.
And it happened just to me you see,
And my name is Joey Lee you see.

One day I made a bubble,
As perfect as can be.
I didn't know it would cause trouble,
I tell the truth you see!

You should know about my bro,
Named Joe.
He lives far away you know,
He lives in Cocomo.

My bro named Joe went to the beach,
He lost his leg to a great big leech.
Then he got all mad and said:
"I will take off your bubbles head!"

I ran and ran and ran some more,
I ran right to the dairy store!
Right there I asked for some Klidubble,
He said no unless I had no bubble.

He jumped over the cash machine,
With a pin and a face real mean.
He popped my bubble and then he started to
laugh,
His evil mind was really not half.

I woke up,
Saw sunset,
And went to school,
I meant sunrise,
No surprise,
It was just a dream,
But I began to scream,
I had my oatmeal,
But it had to be real!
Or else how would I get a
pin stuck in my head?

Back to back the cizzors faced him,
And leapt up so high her tummy touched the
ground,
She yelled so loud that you couldn't hear her,
And she cried "Victory" although she didn't.

She ran for miles although she stood still,
She was red although she was blue,
And tomorrow is Monday 'cause yesterday was
Tuesday,
So Mercury shines blue, but it doesn't shine.

I hope you enjoyed you,
Have a horribly good day,
By the way,

Alligator

I was walking along one warm summer night
When I spotted a figure in the distance.
It's an alligator I run I run I call my mom.
But she is asleep,
I wake her sleep and she takes a peek and her
eyes are
Definitely not asleep.
She runs down the stairs with her kitchen.
But the alligator is not dead
And all you see is a human head.

Story Review

The book I chose is called *Mouse in the Manger*, by Tim Wynne-Jones and illustrated by Elaine Blier. It seems this book is written by both, the author and the mouse. It is like the author talking to the mouse in some parts, but in other parts, he just writes it. I'd recommend this book to grade threes and lower, unless someone is like me and in love with animals and likes to read about them. This book is about a mouse that is trying to find a house, to escape from a fox. She goes inside a shed, goes from box to box, but rats and other creatures, even other mice, won't let her join them. People come in and carry the box inside. To find out what happens next, read the book. I'd give this book five stars, because like I already said, I'm an animal lover. Even though the illustrations look as though a computer makes them, I think the illustrator used pencil crayons because you can see how Elaine stroked the paper, line by line.

The Day of Disaster

A gust of wind blew this day,
Where a man put his coat on and drove away,
The three animals stood and stared,
Thinking "Why would our master be silly and scared?",

They started their journey in great dismay,
For they were not looking forward to an adventure today,
They get intertwined and mixed with fate,
And fight for their lives and hope for some bait,
They travel long distances and do mighty deeds,
In which Bodger faints, bear-clawed and bleeds,
With the start of an accident, they begin a great disaster,
To find a man on holiday whom is their master.

ROWING

The SMUS Crew includes young men and women from grade seven to twelve. This year six athletes from Middle School filled out the Junior ranks of the team. The juniors had a stunning season with several wins at the League Championships in November at Elk Lake. Janel, CB, and Claire competed in two, four, and eight person crews and won both the "quad" and "eights" over a substantially older and more experienced field of eleven LVISSA schools. Our junior boys focused upon their "quad" and "double" making the B finals in all boats. In the quad they place 5th in an exciting win of the B final. Rowing is as rewarding as it is demanding. The rowers could be seen rounding out their Mount Tolmie hill workout with increasing sets of jumpsquats, or rowing up to ten kilometers on the Gorge waterway. Not only do rowers need to be fit physically, but they also need to learn a confusing array of terminology and processes such as "square blade rowing", "let her run", "crab", and "what to do when your seat comes off the slide". Only a rower delights in a new blister, or of the permanent black marks appearing on limbs and apparel! This team learned what it takes to work as a team, the special energy available when the whole is greater than the sum of the parts. I wish to commend them for their unwavering commitment and intensity.

SIX AND SEVEN GIRLS SOCCER

As always, this year's crew of grade six and seven girls soccer players was enthusiastic, hardworking and committed. They improved their individual skills and developed particularly well as team players.

The 'clumping' that characterized the first few practices and games had virtually disappeared by season's end as each player learned to respect and appreciate the importance of strong positional play. Much of our success against strong teams can be attributed to the considerable progress our players achieved in this area --- while opponents herded toward the ball, our players kicked it to team mates in open spaces.

Our squad of thirty-four was spilt into two balanced teams, the Red and the Blue. Between them, they played twenty games earning nine wins, four ties and seven hard-fought losses. Both teams came a long way and we were always proud of their efforts.

Thanks to the parents for their support and special thanks to Kentaro Guthrie who kindly volunteered his time to help coach the girls.

VICTORY IN OUR HANDS

GRADE EIGHT VOLLEYBALL

This year was a "building year" for our girls' volleyball team, as we started the season with very little previous experience in the game. We kicked off with 6 exhibition games against some strong teams, including Lambrick Park and Colquitz. Through our 16 league games, we were winless against Arbutus, Cedar Hill, Royal Oak, and others, but demonstrated significant improvement in teamwork and spirit as the season progressed. Our single win was notched against Southridge School from the lower mainland, who challenged us to a series of exhibition games in late October. Congratulations, girls, on your enthusiasm and determination throughout the season.

The SMUS Boys Under 13 Soccer team returned to the CAIS National Tournament determined to re-capture the title it won in 1998 in Aurora, Ontario. To accomplish this lofty goal they travelled all the way across the country to Halifax, Nova Scotia where they were hosted by Armbrae Academy.

After winning the VISAA championship with an undefeated, 5-0, record, the SMUS boys, a small but very quick and exciting team, one Sunday afternoon in October boarded the Air Canada plane for the long trip to Halifax. The first three days of the trip were spent touring and the boys had a opportunity of visting Grand-Pre, the site of the expulsion of the Acadians in 1775, and exploring the rocks and lighthouse of Peggy's Cove where the Swissair jet crashed two years ago. Also included in the trip were some fun activities such as rolling down Citadel Hill, having an incredible bus tour of Halifax only to find the bus driving right INTO Halifax harbour to give them a water tour as well. Visits to the Titanic graveyard, the Maritime Museum, and learning about the Halifax Explosion of 1971 were also highlights of the trip.

After an exhibition game victory 2-1 over the King's-Edgehill Under 15 boys (Our former headmaster David Penaluna is now at KES, located in the Annapolis Valley.) the SMUS boys were eager to start the tournament which was to be played on the artificial turf of Dalhousie University.

On the first day we were met with some of the coldest, rainy weather in recent years in Halifax but managed to emerge with a 2-1 record to advance to the championship round on Friday. When the day was over everyone was mildly hypothermic and thank goodness for the best billeting families ever! Maritime hospitality was definitely at its best!

On Friday, we lost the first game to Appleby College and were forced to win the next two from Toronto 4-1 and then had to face the feared Lower Canada College team from Montreal in our last game of the day. LCC had not yet lost so we had a huge mountain to cross. The final result is 6-0, in our favour told the story as teh SMUS boys played what was likely their best game of the year!

In the semi-final on Saturday we were pitted against a monstrous team from Holy Trinity School in Toronto and despite all the efforts of their man-child striker we found ourselves headed to the final after a narrow 3-2 victory. Nonetheless, it was not to be in 2000 for the SMUS boys who had defied all odds and made it so far in the tournament. Appleby College narrowly defeated SMUS by the score of 2-0 for a victory well-deserved.

Indeed, Mr. Yorath and I could not be prouder of these boys who presented this school, their families, adn themselves so well. They never, never, never quit and presented themselves as young gentlemen both on the field and off!

Initially the grade eight girls basketball was slow to form, as busy schedules did not allow the girls to commit themselves to regular practices. However with the addition of three grade seven girls, the team began to gel and played well together during their first tournament. Although the first two tournament games resulted in sound defeats, the girls came back and won the third game handily. This success set the tone for the rest of the season. This year's Midget Girls basketball league was divided into two very competitive leagues and one lesser competitive league, the Ivy League. It was this league in which we played. For the first four games the team averaged about 50 points per game and the girls played active defense and were opportunistic on offense. The last two games of the year were very close, both ended in regulations time ties. However, the girls played well in overtime and we ended both games with one-point wins. The girls took pride in their undefeated season. All girls, regardless of their basketball ability, showed improvement over the season in their offensive and defensive skills. Unfortunately, there were no league championships and the season ended with the last victory.

This was a very hardworking and enthusiastic group of athletes. Although the team had only eleven players, those boys attended virtually every practice and game, making rapid improvements. During our games here in the VISSA league and tournament, we lost only one game and that went into overtime. The highlight of the season was our trip to Vancouver to play in the St. George's Classic Tournament. Although our record in the tournament was two wins and two losses, the losses were both very close and revealed a team with lots of potential in the future. Good luck in the Junior High School League next year!

The spring season of rugby began with enthusiasm! A keen group of Grade 6 students, who enjoyed learning the basics of the sport during their regular PE class, came out and joined some Grade 7 players. Practices were well attended and participation was active, learning the basics of passing and tackling. Tackling in particular was a popular activity, involving the use of the pads and dummies! Once the techniques were learned the boys were keen to apply their skills in live scrimmages and games. This occurred first at the annual ISA tournament in Vancouver and then against two local elementary schools. The team made of boys of various sizes, was competitive in all games. Finally the boys also played a 6-a-side mini-rugby tournament against themselves which was fun and full of action. The wiley veteran coach, Mr. Walsh, was said to be pleased with the degree of enthusiasm with which the boys played, while the other coach, Mr. Newman was very happy with the level of interest and commitment.

SIT BACK AND ENJOY STRINGS

Middle School String Ensemble Programme

September / October : All ensembles began the year by reviewing skills and working on developing a fine musical sound. A beginner grade 6 class was offered for the first time.

November / December : The Victoria Symphony performed for SMUS at the UVic Auditorium. A string octet assisted at the Carol Service and the grade 8 string class played noon hour concerts at the Chateau Victoria Hotel and Ocean Pointe Resort. The grade 7 students serenaded shoppers at the Christmas Bazaar and the cross grade string orchestra performed for the Senior School in a Monday morning assembly. These presentations were important events in the accomplishments of first term work.

January / February: The Lafayette String Quartet played a concert for the Middle School students and led a workshop for grade 6 and 7 string players. The grade 6 string ensemble performed at Junior School and enjoyed the opportunity to visit that campus.

March / April: Five students from the grade 6 string ensemble joined the Victoria Symphony as special soloists in the delightful Toy Symphony by Leopold Mozart. A cross campus string concert was held at UVic Auditorium and all string students from the school took part.

May / June: The grade 6 / 7 string orchestra performed in the Greater Victoria Performing Arts Festival. In early May, the Middle School Spring Concert was held and was enjoyed by many people in our community. Closing Ceremonies marked the end of our music making for the year and we looked back on our musical achievements with pride.

BAND AND CHORAL

CONCERT CHOIR

The 130 member concert choir performed on three occasions this year. At the annual SMUS middle school carol service, the traditional candle light processional "Once in Royal David's City" was led by Elizabeth Humphries, who sang the first verse a cappella, and in addition to the many carols, Camden McAllister sang "Panis Angelicus" by Cesar Franck, and the choir also sang "Gloria" by Vivaldi, accompanied Geoff Houghton on trumpet. Our thanks are extended to accompanists Margaret Skinner and Mary Humphreys.

HONOUR BAND

This year a flute ensemble was formed and instructed by flute teacher Hans Bocllaard. This group, all members of the honour band, also performed at the Greater Victoria Performing Arts Festival and again at the Spring Concert at the University of Victoria. The flautists were David Bae, James Shin, Emery Moses, Howard Tseng, Minji Jung, Sojung Jung.

STAGE BAND

The annual SMU Middle School spring concert was the occasion of the Stage Band's next "gig" when it closed the concert with members such as "Hawaii Five-O", "Can you Feel the Love Tonight", with soloists Sarah Adair (alto sax) and Mark Bazett (trumpet), "Malaguena", and encore- Woody Herman's "Woodchoppers Ball".

GRADE 6/8 BEGINNER BANDS

For the 54 Beginner Band students, this was their first performance, having only started to learn to play their chosen instruments in October. This they did with aplomb, performing, "The Buglers", "Mexican Fiesta" and "Manchester March".

SMUS Spooky Story

SMUS has had its share of supernatural visitors. School founder, Captain R. V. Harvey, haunted the school until 1993, when his boarding rouse was removed to make room for the new science building. He was blamed for invisible footsteps frightening teachers. The ghost of headmaster John Timmis, had a more violent haunting. When former adversary, Peter Caleb, became headmaster, Timmis' ghost returned to SMUS, slamming doors, flickering lights, and riffling through drawers. This haunting frightened Caleb out of his headmaster residence, and led to the school's only exorcism.

How the Shrimp Stole Christmas

Every SMU down in SMUville, like Christmas a lot, but the Shrimp on Mount Tolmie did not. They say that he was two sizes too small: compared to SMU Williams he had no fat at all. Shrimp McLeod looked down from his Mount Tolmie height, and envied the SMUs who ate food all night. The shrimp turned green and hatched up a plot, to steal all the food, make Christmas a "not". Shrimp and his dog Max, went down to be cruel, but got caught and the SMUs fed him Brown hall gruel. They said that he grew three sizes that day; he's fatter than SMU Williams, Cook and McLean.

WORDS OF WISDOM

VALEDICTORY SPEECH

Fellow graduates, teachers, parents, friends and distinguished guests, I am honoured to represent the class of 2001. I have had the privilege of attending St. Michaels University School since grade one and am perhaps more aware than some of my peers as to how this experience affects one's life. I am grateful to them for allowing me this opportunity to speak for us all. We are here today to witness an important turning point in our lives. Having shared one another's joys and sorrows, successes and failures for so long, it is going to be hard to say goodbye. It is important then to remember the inspiration and incentive of our mutual companionship; the experiences of our years together, and the ideals towards which we aspired. I don't think anyone of us graduating today would give up the challenges, the fun, the knowledge and the friendships we have experienced over the years at this school. Josh Billings, the early nineteenth century American humorist, once remarked, "Consider the postage stamp. Its usefulness consists in the ability to stick to one thing till it gets there." We have exhibited this adhesive quality, never giving up in spite of the sometimes overwhelming combination of

extracurricular and academic activities we faced. True, not all of us are the self-stick variety. Some of us needed a little help from outside forces in remaining focused on our goals and we are grateful to our teachers and parents who have helped us along the way. Ultimately, we all persevered and that is what we are celebrating today. "If you can imagine it, you can achieve it; if you can dream it, you can become it." T.H. Huxley said, "The rung of a ladder was never meant to rest upon, but only hold a man's foot long enough to enable him to put the other foot somewhat higher." As we continue to climb the ladder, we will not forget those who helped us to climb this far nor should they forget, that as we move away, we are not turning away. This is not the end of our journey; it is a new road that leads us in new directions. As Calvin said to Hobbes, "It's a magical world, Hobbes ol' buddy, let's go exploring."

Paul Zakus
School Captain Scholar

As this year's School Captain Scholars, it would seem the task falls to us to try and encapsulate in mere minutes the essence of the 141 people sitting behind me this morning- the first TRUE graduating class of the new millennium. Well, I can tell you right now... we couldn't do it. It would be impossible to touch on everything this class has accomplished over the years, but I can tell you this much: we're an exceptional lot. As one of the 12 lifers in this class, I have had the opportunity to watch this group grow and change from its beginnings. It all started with 15 little rugrats in a room full of carebears down at the junior school, and through the years of gruelling study sessions, sports practices, drama and music rehearsals and outdoor trips, we have become the unbelievably talented people you see before you today. Each member of the class of 2001, whether they have spent one year here or thirteen, has left his or her mark on the school and the people in it, and the school, in turn, has left its mark on us. What that mark looks like is different for each one of us, but no matter where our lives go from here, we'll all have this place in common. To each of the staff members, who have worked tirelessly not only to get us through the curriculum, but also to endow us with a little of your own personal wisdom: you know better than anyone that we owe you everything. Our talent is just a reflection of yours. George Eliot once said that "those who trust us, educate us," and there is no doubt that this group of people epitomizes that statement. We wish you all the best, especially those of you who, like us, are moving on. To our parents: you have patiently endured years of early mornings for all manner of endeavors, and late nights of apprehension before exams; you have chauffeured us to concerts, plays and sports games; but most of all, you have believed in us enough to push us to become great, and that is the greatest gift you could have given us. Finally, to my graduating class- the class of 2001- I haven't been as close you all as I wish I had, and I know we all have different memories of the time we've spent together, but I just want to tell you that I couldn't have asked for a better group of people to spend 13 years with. It's been a pleasure. I wish you nothing but the best, because you deserve nothing less. A friend once told me that the worst valedictorian speeches are the ones that claim to have some big important piece of wisdom to give. Well, having barely 18 years of experience behind us, I don't think either Paul or I need to worry about that problem. However, I think it rather appropriate to draw on the wisdom of another before I hand over the mic. Henry Van Dyke said this, and I'd like to address it now to the grad class: "Use what talent you possess: the woods would be very silent if no birds sang except those that sang best." Thank you.

SMUS, I've had the 3 most challenging and wonderful years of my life here and every day has been worth it. Thanks to all who have made it memorable, and especially to my parents - I didn't come on top, but I tried all the way. To my awesome girls, I love you so much! And to my boys, thanks for the fun. Haides best friends and awesome times! Lyndsey - The best roomie ever! Thanks for putting up with me! Awesome year together! Kiyoko - Thanks for helping me discover who I really am! In - BBB! Enough said. Kerry - London '00! Corrina - sports together all the way! And to those I miss - thank you for everything! I don't know how I would have survived without any of you. To my Ma, thank you for your love. To all the grads I didn't get to know better, the future isn't too late and I wish you luck. To the grads of the past, thanks for the memories and to the grads of the future, good luck and keep up the school traditions well!

Alarm hit me upon arriving in grade eight, and I was convinced I would be miserable at SMUS. However, looking back on these 5 years, I realize how great my experience has been. My teachers have taught me more than how to solve for x and that slacking off does not lead to success. My bio teachers have inspired me to continue with biology and save the world from devastation. Outside of the classroom, I'll never forget scuba diving at Ogden Point and travels to Ecuador and Costa Rica. To the victims of my yearbook photography, I apologise. My pals, thank you for the music, the fun, pseudo-surprises, perogies, screech and parsley, late nights at Safeway, lunch hours lost in Broadmead, sedges and edges, and bogus chem data. Krysta - I'll watch for you at the Olympics. KristEn - two words: bbe shop. Tara - don't forget the spores. Gona - my British twin, keep the phone lines open. To my parents, thank you for all the support. See you at the top!

My beautiful sisters, Marlee & Carolyn, I'm so lucky to have you as my best friends. John & Judy we each other's project. SKITTLEBOW=Krazy! Kerry oh this is senior's night. You can find us at the bush! In conclusion the best part about coming to Coombs is getting in your car and leaving, snort ya! Max I love you, you always make me feel better, eieichoh! The badass clan Bianca, Sascha, Fran, I love you all so much. Sascha & Fran that's right Lulu. It's an alternate universe, gravity has no effect. Sascha you midnight leper! Bianca has trouble controlling THE VOLUME OF HER VOICE! O man riccer. Will you learn to fold a letter? You have a whole wack of late charges! Muffin Break and fried rice. I love you. Sascha&Fran in the Yukon, the Jewish song. Fran=rhf, freedya, d+d, what's up 23! Sascha you've been my best friend since grade five, I love you like a sister. Lulabelle I love you. Well, it's finally over. On to bigger and better things. I've spent many a year getting away with as little work as possible, and plan to spend at least the next 4 years doing exactly the same, squash almost always providing a nice excuse to postpone those deadlines. Memories of the times it failed, or the teachers deciding that enough was enough and spending late nights doing essays with hot chocolate and ice cream bars. Always dreading parent-teacher interviews. I can't possibly mention everyone and everything here, so I won't even try, I'll just say that some of the best friends I'll have came from SMUS. I hope we'll all stay in touch. Gone through/put up with the teachers and their quirks, all the way from "underline" Mr. Bousfield, to Keble (need I say more?). Also went through teachers who figured it out faster than we did and left early: Mr. Laidlaw, Mr. McCracken. Dedicated to the Buick, may you all find your comfy padded seats. So long, Grad 2001!

So, what's the deal with lampshades? If you need light, then why use a shade? Well, it's been a long 9 years, and there are so many people and memorable occasions to mention that there's no way I can fit it all in. So to start off, I'm just going to say that I won't mention anyone here. Check out the supplement. SMUS has played a huge part in my life; I came here in grade 4, never thinking that one day I'd be a senior. My favorite times were definitely in the senior school, hosting many B2Ks, enjoying my spares in the quad. I'm running out of space, so I'll stop here. I hope to keep in touch with all you, so I'll leave you with my e-mail: mboehnle11@hotmail.com. Thanks to you all.

"To me I seem to be constantly growing. I must respond to varying conditions, yet remain changeless within." -Gandhi

David Bonar 1997 - 2001

Destination: Whitman College Origin: Port Townsend, WA Alias: Boner

Coming to SMU'S in grade 9 was strange. From an under-funded public school in Washington to here was one of the biggest changes in my life, but it was well worth it. This place has given me some of the best friends I've ever had, and it's going to feel weird going somewhere else in the fall. Dowhy, you've always been there in a pinch. Entire days spent on "your" computer watching SP and VCD's have been wasted, but fun. Eddy, I don't know what possessed you to go to Montreal, but at least you came back. Cudmore, I'm gonna miss you kid, keep in touch. Frani, if you're going to call me at 2 am, at least have more to talk about than your monstrous feet. Ed, your late night visits are nothing if not entertaining. Slenzy, breaks spent in the foyer mocking Helen and her tardiness have been fun, but Guy Ritchie topped it all. Castaways was awesome, as was playing for the school, and they're both things I'll never forget about. SMUS has been great to me, and I hate to have to leave.

Patrick Bourke 1995 - 2001

Destination: University of Life Origin: Vancouver, BC Alias: Zombo

With long hair and a skateboard, I arrived on the scene in grade 7. After a forgettable middle school career, I moved on to bigger and better things in the senior school where I developed a liking for the game of rugby and, due to recreational habits with my grade 9 peers, the nickname "Zombo". My time was highlighted by a midnight car wash, U.K tour, a number of fine social gatherings, some wonderful teachers (DMB, Mr. Johnson), and great rugby coaching. I am grateful to have made some unforgettable friends during my tenure: Glen and Pyke- the quintessential training partners, Andy- many glory days, Fugi- found your shoe? Wylie, Lemay, Woody- we'll always have Glasgow, Fincham- dude we made a road!, Greg, Stu and many others. To all the rugby boys I send a heartfelt "DO YOUR JOB". The wonder years are coming to a close; I would like to thank my dad for giving me wonderful opportunity. I sincerely wish all fulfilment in their lives. Cheers!

Destination: UVic Origin: Whitehorse Alias: Bouquet

Of all my days at SMUS since 2000, I've never encountered a sadder moment than the time my grad write-up didn't make it to the yearbook staff... but I can explain. The reason you are not reading my own words right now is that a band of thirty-two and a half ghost pirates jumped me while I was walking briskly to the computer lab to send off my 960 characters of fond memories and inspirational quotes. Before I knew it, the ugliest thirty-two and a half ghost pirates you've ever seen were jumping out of their ghost pirate ship, cursing ghost pirate swears, and grabbing at my cherished write-up. To make a long story short, I failed to hand in my own grad write-up as it was in the possession of ghost pirate hoodlums.

This time has been commonplace and elevated, distopian and marvellous, exhilarating and painfully dull; it merits neither drama nor animosity. Upon my arrival here an evil triumvirate was formed and my two side-eyed counterparts have assisted my 8-year battle of crises, calamities and faux pas; the addition of a foreign member made us complete. Ladies, you are independent spirits and of the highest sensibility. Please, the OTHER gender, you need not feel neglected. You have done well, propelling me down the path to bitterness. That said, my time with some of you has been sublime. Thank you to those SMUS staff members whose guidance surpasses policing the uniform. I have enjoyed my niche here as an English geek, a bathroom rat and the artsy one.

Brad Broder 1996 - 2001

I have never looked forward to a day of schoolwork, but I will definitely miss all of the friends I have made over these past few years. Steve, Wayne, Mr. Brown Sugar, I won't ever forget you guys. All I can say is that I was lucky to have met you all, and I'll cherish the memories of Lunchtime Bhail, Lazy afternoons, and Late-Night IceCap runs. I have no doubt in my mind that you'll all be successful in whatever you do. But Steve remember, if all else fails - look for me in Mexico. Take it easy.

12 years, I came to SMUS with a vicious mop and preconceived notion that I was going to conquer the world. The delusion of gradeur was soon crushed and what seems like a lifetime later, I crawl bruised and bleeding across the finish line. I learned a few things during my stay at SMUS: I love rugby, and I'm a proud Candian consumer. There are times when I've said "how does this happen to me?" and there are times when I've said, "well I had that coming". All in all it was the company that made the trip (spiggotty, air cambone, liquid adrenaline bobby, man hands and shock) and the memories of when all the boys came out to play (road trips, blowing noodles on beds, floors, decks and dogs, dowhy fest, fat fest, out trips "Hug the tree, listen to it", car rally, Craig/Danoch, Straddleona, Post Office). Thanks mom and dad for the constant push. Kali, you have shown me a lighter side of life. To all the chaps and feminias of '01 you ain't seen nothing yet.

Well here we are. I've had some great times and some tough times. But it was mostly the wasted time that I spent with my friends that got me through it all. I'd like to look back and remember the reject gym class, in grade nine. If at any point any of my classmates from that memorable class needs anything, you will always have a place in my heart. The outtrips over the years brought a new perspective for me of my friends. Many friends were made in lost in the short days we spent together cooped up in small cabins or running from bears in the woods, but it was all in good fun. To my close friends, I will always remember you. Frances for our long talks, Clark for showing me the fine points of being lazy, Devin for his wit, and Caitlin's humor that always cheered me up. To those of you who I forgot, I'm sorry, but I will still remember you. Thanks to my teachers for making sure that at no point did I ever think I had a chance, just joking.

You don't have to see the whole staircase, just take the first step. SMUS certainly has been a step that will never be forgotten. First, I have to thank my parents for being ever supportive. I love you both, thanks! Next my little bro is due for some thanks (for all of the hugs on the phone) I love you Ali. Thank you to all my "little Winslow sisters", you know who you are. Derek, you are a great friend, thanks. Matt we have to do more film festivals it was a blast! Banana what can I say? Life would have been less "pink" without you. MO I couldn't imagine another roomy, I'll miss you. Roche thanks for all of the fashion tips...I couldn't have done it without you. Smutty: vegan restaurants, the Drip, the whole nine yards (or maybe it's not quite that long. Lastly, Hell you are the greatest friend & don't sweat the small stuff everything works out in the end. I love you all! Stephenie XOXO -all the world's a stage- W.S

To follow the footsteps of many others, and yet to be unique in creating my own, not one person completely copies another and yet we all enter our final year together like so many before us. Graduation is a step into the abyss that is expected of us by our peers and our guardians. I know that a whole world is waiting out there and I want to embrace it with arms wide open; those at SMUS have made this task a difficult one. As much as I would like to move on, part of me does not want to let go of the endless memories and happenings that have taken place over the past five years. I have met many interesting people, found many new activities, and have basked in the superior aspects of this school. I thank those who have influenced my high school career; they are an incredible contribution to my well-being and will be remembered always. I wish everyone good luck in the future and depart with the well-known words - The Glass Is Always Half Full.

Once upon a time, there was a man named Choda who travelled across the ocean to an exotic island known as Victoria. He believed that he would find fine women and immense treasures. Instead he found SMUS. Among his conquests to find these women, he stumbled across a group of friends, alias "The Family". First there was trick daddy, also known as Dowby. No one knew for sure why but he kept going to the bathroom on 5-minute intervals, sometimes with his niece. Then there was sugar mommy who kept on vibrating while buying cigar cases. Enough said. Finally, there were the three kids. The first kid was named Ryan. He was named so because of his acute problems. Then there was Mike. If there was ever a case of peer pressure, then you had Mike. Finally you had me. To the other kids that held me through, especially my crew Phil - See you next year. I hope you all reach your threshold. Cohen-nice hair. To P. German V-hmmmm? Thanks Taran and Sam for teaching me to be a freak. My words of wisdom to Grad 2001, "What? Ya'll never seen a white person before?"

From sitting in the middle row of Geography class to sitting at the back row in Chemistry, from receiving 7 ams to giving them out. How am I supposed to sum everything up in one tiny space? Not to mention three years of living in Winslow house next to the Barnacle boys! Muchas gracias, all the people who's homes I invaded during these three years. I'll remember the fun times. Much love to Hilda, Whitney, Eugene and Gerald for all their support. Thanks to Brent H and Mr. Young for believing in my writing. Steph: Best wishes in "waddling" after your dreams, haha! Jonas: who's going to do all my labs for me next year? Keep in touch. Matt: I WILL learn how to cook, one day. Thanks for everything. So long Termite! Last but definitely not least, much gratitude to the two people who have made everything possible. I love you, Mom and Dad. Good-bye and good luck to everyone I know.

Well, my two year life at SMUS has been filled with many special memories. Thanks to all my teachers, now I am able to develop to my full potential. Jen, we are finally graduating! Remember our 3 goals this year? I don't think the NO one is necessary anymore. Let's just keep the other two! Jennie, best roommate ever! Don't forget our late night talks, card games & cooking together. Tommy 2 many nicknames Tu, SAT in August? Driving to New West wasn't my fault. I really know how to get to Jen's house. Chris, want to play card games? Eric, you are a great Physics, Chem, and Calculus tutor. Jig, I am NOT afraid of you! Diane, Ruth, Alice, Chris, Scott, Tommy, Jig, Menn, Jim & Jeff, enjoy all the chatting in the foyer. Drew, Eli, Mike & Brian, we are the best Math team together! The remaining people in BC Calc, we have made it to the end! Last of all, Mom, Dad, Sandy & Eric, thanks for all the support and love! Best of luck to the grads of 2001!

Three "fun" and memorable years have slowly passed and it is finally the time to move on! First of all, to my very best piggy Stelle: you know the time I say bye-bye to SMUS = the time I say Hi to you at Van. I miss you a lot! Diana: after knowing you for almost 5 years, just want to say that I am the luckiest for knowing you and becoming your friend. Ruth, good luck in N.C.! Thank you so much not just with scorekeeping but also the work outs after school. Lovely small green Liz: even though we cannot meet often but I'll make sure I miss you every day before I sleep. My best roommate Zee: thanks for everything and being "nice" to me. Love ya-! Diane Lee: It's nice to know you more in grade 12! Best wishes to my friends: Doris, MinHee, Sabrina, Michelle, Wina and Candace L. Last of all, Dad, Mom and Brian: thank you for being there for me all the time and love you forever!

My years at SMUS have been truly unforgettable. There have been so many people who have made my life here amazing. P.N. 1, no one will ever be able to break our special bond or join our exclusive club. Yumi, you are the kindest and most caring friend I could hope for. Di di, you are GORGEOUS. How will I be able to survive biology without you? Upper heavy, where did my locker buddy go? Linda, Siam will always be our sanctuary. Little brother, I had so much fun taking those long drives, but you really have no sense of direction at all! Who am I going to make fun of when you are gone? Roof, you have been the most wonderful best friend anyone could have. Thanks for listening to my endless C.J. whining, and for always being there to "line'em up" with me. I had a blast making jello cake, crashing Eppli's parties, and falling asleep on your couch while watching supposedly "scary movies". Let's all stay friends forever!

Another chapter in my life has finally come to an end. When my career at SMUS began five years ago, I knew I was going to stay and graduate from SMUS. I can't believe five years have flown past like a snap. I have definitely been through many happy and sad times through these years. But now they are part of the history of my life and I will cherish and remember the happy and fun times. Boarding has given me the chance of making life long friends. Daisuke, my AWESOME roommate (3 years!), I'll never forget those late nights cooking JAPANESE noodles! Bolton Prefects, all those "midnight activities" kept me awake! Mr. & Mrs. Cameron, thank you for taking care of me for five years! Long time buddies, KA & Kath & Yunji & Noris & Wayne, you guys all supported me for all these years, THANK YOU! Perry, thanks for being there ever since Kindergarten. Diane, you are the most wonderful gift to me. The only thing I can say is "I Love You"! Best of Luck to GRAD 2001!

So I've been coming to SMUS since kindergarten. Chilling with all the lifers has been great. Thanks to all the people who've made it possible for me to be who am today. Max's parties were something to remember. Thinking back to the old school, Junior School: How innocent was I? Middle School: I was such a choir boy. Singing at the David Foster Concert. Senior School: Oh, the changes that have occurred for me. Some memories: TechnoDancing, I love Madatz Y2K. The Jew Crew kicks it. Rachel: TV Movies and every appliance in the kitchen. Miri: Your "cabin" rocks and thanks for listening on your rock. Scotty, Pete, Stu: You guys are the greatest, Keep in touch. The LunchTime Soccer Crew: Thanks for improving my game, the MOVE! To the boys: Keep it real and Keep in touch. To the girls: You know who you are... Most important: Shortty, A-Dawg, Noah, C-Doub: What's there to say? You guys rock. Good luck Grad 2001. I'm out. I entered SMUS as a boarder when in Grade 11 in 1999. It is my greatest honor to be one of the first graduates in the third millennium. It was the most beautiful time in my life. My life in SMUS was bitter sweet. "Problems" have been my closest friends, but together with my friends and house parents, we kicked them away. On the other hand, I am so glad that I am appreciated, respected, admired by people around me for all the things that I did here. If I were given a choice again, I would still choose to come to SMUS - nothing could be greater than this!! Living in the boarding house, I understand that we have come across the oceans not to seek the family of our blood, but to find people that can become our blood. I just cannot tell how much I miss you, my friends and staff, but memories are always in my heart, and will not pale. I will always think of you. Best wishes to Tim, Thomas, Kei Hau, Shaye, Mr. Silbeld and all of you.

Living in SMUS for three years, it is hard to believe that I am graduating soon. In these three years, besides going to school, I have learned how to solve much different kind of person and situation. Life is like track: sometimes you rock, sometimes you suck. This is probably the most valuable lesson I have learned since coming to SMUS. Every day isn't a waste because it all means something in the end. I have experienced all aspects of SMUS being a boarder and a day student since my mom moved to California. Thanks to all my friends who provided "homestays" for me while my mom travelled back and forth from home. Your homes were far more comfy than the field (just joking room!). Thank you Brown Hall for the non-incredible yet edible cuisine that I slyly stole those many nights after track practice. McLeod, you are the coolest. Thanks for all the fun times in OXL. You supplied me with great examples of leadership, especially Hawk, the guru of guano. To all my friends at SMUS and the great Killer Miller, you guys have been a great inspiration to me. Aids, you're the best brother. Thanks for your support. I wish you all the best.

Well here we go...it has been good, I guess. During my time here I've met some really cool people and had some really good times. I had a really cool roommate, Jig-thanks for all the good times buddy, it was sweet. Paul, Fairman- you guys were great, without your place...I dunno. Rodney- you were a great friend although you always were a punk. Pete-the young thug, take it easy man. Rob-hope you found what you were lookin' for. Some good times: chasing jig around downtown, sneakin' out for star wars, last night grade 9, good old bailey's, Mt. Doug park, Bizbee's, Dowhyfest, Cam's at Mt. Wash was always sweet, I wonder why...could it be...yes I think so, thanks poolboy.

Tay- we've had lots of fun but it ain't over yet. Also, thanks to the family because I really wouldn't be here without you guys. To all the rest of the boys you know who are, it's been good and just remember there's plenty more to come. Hey guys, remember that time...

Well I guess this is it. High school is finally over so I'm free...well for a short time I guess. When I came here in grade 9, I had no idea what living in residence would be like. But having Nitya Nundy as a roommate taught me a thing or two...about tolerance. Living in Montreal taught me how to annoy people with French. After two years living there, here I am again. It's weird how everyone seems the same. Amar, you're crazy...remember our little run-in down at fairway in grade 9? Wayne, you're an awesome friend. Harvey House is great...I wish the prefects all the best. Noah, you're the best...I couldn't ask for a better roommate. The rats too.

Claire, you're quite the piece of work...I hope you find a nice guy to annoy. Also, Ryan, keep your hands away! To all the grads, I wish you luck with whatever happens after high school.

If you asked me in July 2000 where I was going to school for my grad year, I honestly couldn't have told you. I guess when I look back at things, my high school career has been less than ideal. In fact, at times it's been downright chaotic. Coming to SMUS was probably the best decision I've ever made, and I really like to thank everyone who made me feel welcome and express thanks to the friends I've made. Sumeet, you're a crazy little poon but you were there for me a lot of the time. Amanda, the person who gives good advice and help, thank for everything. Nits, I know you aren't here anymore but you were the best! Lin, if it wasn't for you I wouldn't have had the relationship that I'm in today, thanks. Hamed, you were here and gone, but the times were good. Jayne you're one of a kind, and your advice is priceless. Shichy the serial killa was good for a laugh. Yumi, I love you and I hope the future will be bright for both of us. You are my peachy. Finally I want to thank my parents for putting me through this school. I can only hope that after I graduate the life lessons I have learned in the SMUS community will stay in me forever and I will continue to exist in the world as a worthy person, always acting with passion and compassion: always striving for excellence, to be excellent, and to radiate excellent-ness.

I learned a great deal during every day of my 6 years at SMUS. I proceeded to forget most of it as soon as I wrote the appropriate tests. I did, however, retain 2 skills: how to learn effectively and how to build snow kitchens. I owe these skills to my teachers and to the Outdoor Leadership Programme. Thanks to Mum and Dad, who watched 200 plus soccer games, every school concert, ceremony, and puppet show. Thanks for grounding, supporting and inspiring me all at the same time. Thanks to Paul for being a great friend who will probably always have a higher GPA and golf handicap than me. Maybe they'll win a soccer title without us, eh? Homer, never forget how to circumcise a triangle. Nick, forget physics, unless it helps win a debate. Then there's Scott... To future CEOs, Steve, Wayne, Matt: Good luck in the business world guys. Foiled again, what could it be??? I came to SMUS in grade nine expecting nothing, and at first that's what I got, but thanks to Cam, Rory, Spice, Brownlee, Amar, Phil, Mike, Ryan, Max, Payne, and Boner (always there in a pinch) and a few others I got more than I could ever have wished for. Regarding Dowhyfest, I think it's best we remember those days, cause we'll never have anything like them again! Can't say I'll miss prep or 7AMs, but I'll miss the camaraderie of Harvey House and all the boys (especially the Prefects and Eddy, best roommate ever) To the girls, Noelle, Bianca, Lyndz, Haley, and all, thanks for the good times. Six years of my life and who knows how much money I've put into this school, so what have I gotten back? A decent education, some unhappy times, and the memories of a few of the most amazing people I've had the pleasure to consider friends. To Lianne, you've always been first in my heart. You've curled my hair and let me cry on your shoulder countless times, and I love you for it. To Seb, you let me be myself and didn't laugh too much at my stupidity. I'm sure we could have had even more fun if you'd stayed around. I'll never enjoy swing dancing with anyone else as much as I did with you! To my beautiful Linovich, I hope when we're older we'll still make our crazy masochistic pacts and torture each other like we do so well! And never stop trying for the impossible ones! Of all my days at SMUS since 1997, I've never encountered a sadder moment than the time my grad write-up didn't make it to the yearbook staff... but I can explain. The reason you are not reading my own words right now is that a band of thirty-two and a half ghost pirates jumped me while I was walking briskly to the computer lab to send off my 960 characters of fond memories and inspirational quotes. Before I knew it, the ugliest thirty-two and a half ghost pirates you've ever seen were jumping out of their ghost pirate ship, cursing ghost pirate swears, and grabbing at my cherished write-up. To make a long story short, I failed to hand in my own grad write-up as it was in the possession of ghost pirate hoodlums.

Yo SMUS-dawgs! Only one year, but it feels like I've been here my whole life. I'll never forget the people, the times, the misuse of food: slurpee hairdos, chocolate tango with sugar mommy, tea and "crumpets" at car rally, spitting in the soup at Brown Hall. We celebrated all the holidays, from Kwanza with my South Island homies to gay pride with La Lingua. Things moved so fast, I never got to know many of you, but shout-outs to those I did. Eryn: who'd have thought dolls would be so flexible? Geoff: never stop spelunking. Cait: I was yours, babe, don't forget. Alex: Hajimemashita! Steve: I seem to have misplaced my pants. Inga BBB, Pippa: don't give me no lip! Zavi: the wind whispers your name... *cherniawsky... cher...ni...awsky*. Brownlee: what can I say? It's been good. Really good. Get it? *Really good*. My 5 years at SMUS feels more like 5 weeks. I began my years dreading the thought of starting a new school but soon found a supportive, caring and wonderful network of friends, teachers and staff. Days have gone by quickly, even though at 7:20am it feels like forever until 3:15pm and a life time from the first day of school until Christmas break. Time has flown by and my life at SMUS has been busier than anyone could have imagined. By becoming involved in a variety of activities, I have met some of the most creative and interesting people in the world. I have so many memories, that I can not even begin to mention them all. My friends have meant more to me than I can ever tell them. They've made me

laugh, smile, even cry and I wouldn't trade those times for anything. I don't think I could have gotten through this without them. (Thanks guys for putting up with me!) Life's greatest happiness is to be convinced we are loved. We do not remember days, we remember moments, and I have moments to remember with all of you. Drew: We share so much, thoughts, plans, ideas, it is not surprising we are often confused. Thanks for the friendship of a lifetime. May it continue Mike: Countless memories: Halloween nights to JJ's math class to Robert Jordan books. When you weren't away at squash we had endless fun Murray: You've taught me a lot about life and friendship. Live life to the fullest Hils: Your smiles are priceless to me - it is nice to have someone lean on your shoulder Keegan: philosophy and giggles, quite a combo Paul: your absurdity astounds me, and we love you for it. To my overnight party gang: we'll always wander the streets at night in our memories. Above them all Heather: you of all people truly convinced me I am loved. My three years at SMUS have gone by quickly and overall have been pretty good. First I'd like to say thank you to my family for making me come to SMUS and for everything else they've done. To my chiquitas: Kika, my fellow hobo, we still haven't finished all of our adventures, no matter where we end up. "Strait but not narrow." Carla, OOPS you did it again. Karen, you're the best Russian princess ever! Kerry, does pinchy, pinchy ring a bell? Inga, we've had some good times and good chats. Corrina sopranos forever! I love you girls so much! Mike, thanks for the bike/Nintendo lessons, I'm all the more knowledgeable now! Elisa, what would I do without you? Toby, you're my eldest friend! May, good old dorm C days. To Max and Stew, you smell like tuna (chem. 12). To everyone else I've had good times with (there are so many of you), thank you and good luck. I'll miss you all. So... Graduation...damn I feel old. Well upon reaching my final year at SMUS I finally realized what I wanted to do with my life, which is to retire. A few words to the so-called gang... Brownlee (aka "our ringleader"), how's that fued? Chowda, you're a thief call me when you need bail. Moge, seriously, you don't touch people there. Spicer, why do you have to go and get me in trouble all the time man? Phillipe, your driving scares the beejeepers out of me...and I love it. Man Hands, I don't see how you resemble a potato. Dowhy, I'm going miss our south park episodes. Farhad aka Kerpel, you kicked my dog...praise be Allah. Soda, I'll always be the better pilot...yeah that's right. Skin Face, God punished you, remember that. And to my Dirty Sanchez, you still owe me a lullaby. To my parents, thanks for paving the way, hard work and respect-got it. And to all those young men who have had the opportunity of meeting my sisters, I'll be watching you...

There have been moments that I thought my time here would never end - now I wish it never would. The friends I've made mean more to me than can be expressed in 960 characters. You know who you are. You've helped me through some tough times, whether or not you know it, and you've contributed to making me the person I am. I hope to stay in touch, but if that doesn't happen, know that you're all capable of great things if you just attempt them and believe in yourselves. Thanks to those influential teachers, in particular Mr. Garliner and Mr. Jones. I've learnt more than I thought possible, things more important than the course outline. Teachers like this will be the ones remembered decades from now. To my parents, thanks for understanding and letting me make my own mistakes. And finally, to my first love. Wilson, you have taught me the pleasure in having someone to lean on, in trusting and loving someone with my whole heart. You will always be a part of me.

I can't believe that I'm graduating...Cool. Much love and thanks to my parents-I don't think words can express my gratitude. Four years have passed so fast since I first came to SMUS. I have made great friends; Jigger Hairy King-You're the best roommate ever. Tom2- You're the greatest and hottest Taiwanese I've ever seen. Menn-You taught me the biggest thing in my life. Sam-thanks for caring and being so nice to me all the time and don't forget Natsuko is the one. Lim brothers- why didn't u guys come earlier? You guys are cool. My genius Hu-bae Sung wook. Sung-hyun- Nuna! Thanks for let me use your tiny room and one-day you'll meet the one you're looking for. And finally to my first lover Yoo-Hyun a! Se Rang Hae! This is all I want to say about you! and special thanks to the Wylie's; You're so nice and thanks for everything that you guys did. I won't forget. And to all my friends; don't forget to keep in touch. Ok? KoReAn PRiDe!!!

After a long journey across the pacific stretch, I stepped off the boat, worked my way through endless lines of population, and found that I wasn't in Kansas (Sequim, WA) anymore...it hit me, my parents had shipped me to CANADA! I was startled at first but I soon made some friends. Heather you get 2000 pt's. "Old ladies with neck braces beware" Pippa, don't know what I would've of done without you (probably not much, you took me to my first EA meeting ("My name is Haley I have a problem, I'm evil", Hades). The male gender and day students are undeniably inferior. The boys in my grade (minus a few) aren't worth mentioning; like the best boys of Peter Pan (The writing on the wall has deeper meaning. To me every second was some sort of a memory. Not necessarily good, but it's something you look back on and it's something you miss. I'm going to miss it here. Time flies ... just like that 4 years pass by. Put that's life I guess. Life is like a puzzle; everything will fall in place ... eventually. The future is pitch black for me right now, but it'll lighten up when the time comes. I'm not going to thank any of my friends or my teachers right now. There'll be a time when that comes too. But for now I don't want anything to change. There is a perfect puzzle that is complete now, but then again there is another one that is starting to form. To my family, who I would like to say thanks to. Thanks for everything and for giving me the opportunity of a lifetime. Last but not least, Vera. I want to thank you for everything too. I don't regret a second of time I've spent with you. To everyone ... I wish the best for all of you. Well that's it for me. Thanks for your time.

My time at SMUS has come to an end. I've been here 6 years; I played some sports, some musical instruments, and some sweet honeys. "Two outta three ain't bad" Meatloaf. In all seriousness, SMUS is a fantastic school, where excellence is condoned and not condemned. I have great memories: B2K's, The U.K. Rugby Tour, My first rugby parties, Crew meetings, and one fateful night in a Welsh parking lot. I'm not going to mention anybody specifically, but it's been a pleasure to know all you people. That's just about all I can think to say. Actually, there is one more thing: onglay liveay ethay andhay. A message for the grads:

The People: Steve, 13 years and I haven't stopped laughing. Morally conscious Chris will learn how to relax and not let things get too his head. Murray, tell me I can stop worrying about you next year Wayne, you will realize that you can get any girl you want. Alex, I still don't know whether you're for real or if you're just faking it. Menn, Tommy, San-Hoon, Daisuke and Malcolm. You guys taught me everything I know. Brad, it was so much fun. Linda, you are still the craziest girl I know. Hilary, I will always be grateful. Lin, keep aspiring to be the best. Jenny and Mike, something tells me you two are going to change the way I live. Vicki, what is there left to say? Christina, it's too easy to make you

laugh. Helen, you never did guess right. Mike B., thanks for being there when I needed it. Susan, the last 3 words left to say don't even begin to sum up everything we've been through and how I feel for you. 8.23.00

Many things gone on in my two years in SMUS. These things, no matter happy or unhappy, are special moments and experience. As a boarder, I spent almost 24 hours in this community and people here are my family. Thanks to those offer me a hand when I need help. Because of their support, I overcame lots of hardship of studying abroad alone. Thanks to my wonderful teachers; houseparents who took good care of me; friends who listen to me and support me. Mr. Johnson, Leggatt, Mrs. K., McLeish, Laidlaw, Ms. Ding, Roth, Tobacco and Ms. Chu, you are the best teachers. Stella, Min-Fang, Olivia and Angie, you are my best supports and you know me like worms in my gut. Cindy, be a great dentist. Amy Chen, Sabrina, Michelle, Claire (both of you), and Wendy, work hard and play hard. To Mr. and Mrs. Tweedie, Ms. Booth, Dr. and Mrs. Forbes, Ms. Parker, you are the best houseparents. Winslow girls are the best and I love you all! And to all Symons girls, you rock! And to everyone who is part of this community, you make my life in SMUS a beautiful memory that I will treasure forever.

Five years at any institution is a very long time...but also interesting and enjoyable at times to say the least. All of that school related stress has finally paid off and I can now look forward to twice as many ulcers next year! Oh well, if there is one thing I learned this year, it's how to wake up five minutes before tutorial, scale the school wall, and make it to tutorial on time more or less. These past years could not have been survived without the support of all of my friends, family, and yes even the teachers. Linda-thank you for saving me from the manacles of school. What would I possibly do without you?? (some homework perhaps) See you at the shishshack! And to Wilson-you've always been

there for me when I needed someone to listen to my ramblings. We've been through some crazy times and I just want to wish you all the happiness and success in life. To the rest of my friends-I hope you will all find your own ducks someday and write me about it!

It has been 3 years since I came to SMUS to be a Harvey House Wallhanger. It truly is a memorable experience. I would like to thank my family for all their supports. Dad, Mom and Ken, I love you. To my friends who I met over the past 3 years: Menn, it's fun jamming guitar with you. Dai Chen, you are a coolest classroom playmate! (Vegabon rules!) Jigger, let's go ride on the Great Wall! Aki, keep up the guitar practicing. Tim, we are the last Quakerz in school. Eric, poking you in English class is always fun! Thomas and Mathew, yeah, we reunited in grade 12. Keep in touch. Speedy, good luck in grade 12. To my Taiwanese buds, Tommy, Chris, Scott, Andy, Ruth, Cindy, Paul, Michael, Jeff, Ah Gau, Pete, Calvin, and the rest of you guys, I will remember all the fun I had with you. Lastly, I would like to thank all my teachers, house parents, assistance bros and Harvey buddies for showing me how to love and be friends with people. Best wish to everyone!

Two years have passed quickly because life at SMUS has made my memories valuable. All the late nights creaking made me gain weight. Seven am, Friday night prep and eating are all experiences I had. Sleeping-in and missing tutorials became part of my boarding life. Thousand thanks to my family for all the encouragement and support they gave me. My life will be miserable without them. I want to say thank you to Peter Tsai who has been my best friend and younger brother, Fiona Lee who has been my lover and supporter, Chris Yang who has been made fun by me and all my other friends. Because of them, my last two years of high school life at SMUS have been great.

Three years have passed sooner than I thought it would be, but I have great memories in SMUS. I met people who have changed my life. Liz, the most unbelievable and incredible twesty bird, thanks for being my friend and I will always remember the things we did and the great talks we had. Ruthy, an animal can do the transfiguration, the time we spend in your fish tank was unforgettable. Cindy, the sweetest candybear, thanks for looking after me and your support. Jen, beautiful but hopeless roommate, your unawareness created lots of joy. Sally and Jennie, two cutie nerds, always love you we Jig, wow! Although you always tease me, you are still my sweet sugar. Scott, you are always so mean to me, but I will miss you all the time. Menn, yo pumpkin, finally we got you a nickname. To Doris, Katherine, Diana L., Min-hee, Chris (horsey), Jim, Tommy and so many others, Thank you for all your care and support. I am really glad that I met you guys and best wishes to you all.

Two years are a small part of your life in the long run but I feel that they have made a huge impact on me. I arrived at SMUS with great expectations and in ways it has been everything I had hoped and more. Heather: Here's to the crazy times we shared in boarding. Thanks for patting up with me. Pippa, my BBB, thanks for all the laughs. Kerry: "Ride me back to Avonlea". Corrina: I'll never forget our Outrip. Karen: You've been so good to me. Stay in touch. Max: Thanks for the B2Ks and summer school; it's been a blast. Rory: you were the best thing that could have happened to me here. For all those people I didn't mention, thank you for making this experience worthwhile.

Phil has been at SMUS a little to long, and is extremely relieved to finally wrap it up. There were many times through the years where I felt that I would never get out of SMUS, but here it is 2001, and I'm almost free. I feel lucky to have encountered almost all of the people I've known along the way, obviously there are exceptions, but I'm not going to linger on them. Some of the greatest influential friends who kept life interesting are...Spi-Jetta Master, "Did you hear that? I think it was a DUCK." Brownlee-Every minute out of those twelve years has scarred me deeply. N.U.T.S.-10 years and I still can't hurt you, but just wait. (Barbecue brush/knife). Rory-"Man Hands, fry me up one of those sausages." Soderberg-The Apartment Years. Choda-White Baby? Goulding-Christmas Tree. See you Grad 2001.

When I first came to SMUS at the beginning of my junior year I had high expectations of the school and for the most part I was rarely disappointed. As the year draws to close and I look back over the two years I've spent here I feel privileged to have been a part of this community and I begin to realize how much it's been a turning point in my life and how much I've learned about myself. My only regret is that I didn't contribute more to it. I know I'll remember my friends here and the good times we had, whether it was just hanging out, pulling all nighters or watching the sunrise from Mt. Tolmie, it seems like it all went by so quickly. I want to thank the Cook's for all the help and support they've given me and for making Harvey house feel like home. Thanks to all of my teachers for putting up with my erratic work habits and most importantly, I want to thank my family, without whom none of this would have been possible.

Grads, we made it! Thank you to my family, my friends and the wonderful teachers at SMU. Family, thank you for your love and your constant support. You're always there for me and I love you. To the teachers- you've inspired and encouraged. Thank you. Friends- who would I be without you? To the girls (girls): for never letting me down, being shoulders to lean on, pals to kick booty with, dreamers to dream with & psychics who read my mind. To the guys, never knew I could laugh so hard for so long. You can always make me smile. I will never forget the parties, ski trips, lunches, bowling, karaoke, sprinklers, hitting elbows, advice at midnight, dances, girls' night out, Durrance Lake, cheese beds, bad jokes, outtrips, Bio notes & French craziness. To my guy- thank you for being a part of my life and for being you. To the grad class: good luck!

Things started off rocky at my arrival to SMUS in grade 9. Busted for all kinds of stupid stuff & somehow got the nickname "Jigger". But I learned from my mistakes, so I never got caught again. Most important about my time at SMUS though, was my friends. Wayne: My bro, what can I say? Immortality forever & I can't wait to go to that Raptors game. Menn: We had some great times man, may there be many more. Scott & Il: You guys, Menn & me got to hook up again & go flying free & crazy. Ruth, Diana, Jen, Jennie & the Winslow girls: Thanks for taking all my abuse, for all the flyer chats & for always feeding me. I'd have died without your food donations & by the way the wildlife was entertaining too. Amy: Your evilness, it's been a blast having you for a friend. I hope you come to UT. ThunderBunny: I appreciate you not taking all my fat, I'm going to need it in Toronto. SangHoon: My sexy roommate, try to keep some of these girls off you in Korea.

I can't believe that it has been 4 years already since I first arrived at SMUS. There are so many memories and people to thank. DOYIP, thanks for being such a "LOVELY" roommate and let's see who is richer after 10 years. My second roommate, Kat, how many times did you sleep in your own room. Not so many times... right? My Japanese tutor, Yumi Chan! Arigato me although you tease my hair all the time. Amy, I'll miss the time eating chicken nuggets with you. I can't think of boarding life in SMUS without you guys. Always play together, eat together, miss tutorial together... My forever lab partner Diana, thank you very much for doing all the labs. Cindy, thanks for all your food. Good luck to all you guys. Gr.12 Koreans, Thomas, Matthew, Sang-Hoon and Yun, jalmuku-jalsala. Keep in touch! I'll never forget all the memories in SMUS, the way to Hillside and Starbucks, downtown, ferry and midnight darning etc... "Best of luck to the grads!"

I wonder how you open one of these things? I guess I should just start talking. And I should be sincere. Well, high school was never really a big deal to me. I got the grades I needed and I didn't learn much about myself except that I wanted to be unique. Don't get me wrong... I had a great time at St. Mike's for the four years I was here. I realize now that four years were enough and I am ready to move on beyond this place and Victoria. But there is one thing that will always bring me back: (Not the marks or the hair or the school.) The Crew. My friends were what I loved about my time here. No, you guys (Mark, Geoff, John, Stu) made my time here. I met a lot of great girls, one with whom I fell in love.

Outside of school, I miss most my growing up in Hawaii - thank you for that Mom and Dad. And thanks to my brothers Nate, Rob, Stinks, and Chad for all the roughhousing. Perhaps I should close this with a quote from e.e. cummings but I think I'll just leave it like this. Thanks, Andrew

Thirteen years of looking down the tunnel, peering to see what the end would bring. And finally! Grad 2001: The Space Odyssey, and oh what a journey it has been. Since summing up three years worth of memories into a matter of words is nearly impossible, I suppose all I can really say (with a big grin) is that this has been quite the unforgettable experience. To the people who have been a source of entertainment and laughs, I cannot tell you how much I appreciate it. You know who you are; it has been a blast. To the lovely ladies of Timmis and the crazy Bolton Boys: it has been a pleasure living amongst such unique people; a big thanks to the houseparents who have added their own touch to boarding. Three long years in SMUS have been my most memorable years in my life. And all life at SMUS wasn't THAT bad. I have learned a lot, not only in academics, but also I've become more mature and independent. During these three years, they were also my best and worst times. I'll always remember waking up at 8:07 a.m., arriving at homeroom by 8:10 a.m. and then going back to sleep. Hereby, I would like to thank the ones that have supported me and cheered for me, in particular to Mr. Gardiner for being the cutest Bio geek and Mrs. Hawes for being a superb English teacher. Jig & Amy: remember the times in Kayal's class? Lin: don't worry, you'll always be up there. Yumi: you'll be a famous fashion designer one day! Kath, Doris, Yun-ji, Cindy, Fiona & Andy: take care, it's my pleasure meeting you guys! Dr. and Mrs. Forbes, please take care! Ken: I'll never ever forget about you, there'll always be a place for you in my heart SMOOCHI Mom & Dad: I LOVE YOU! Love, Diane

"Oh no, not another 6 years?" Back in Middle School, it seemed like an eternity. Enough time to read a couple hundred books, acquire a few other languages, master a sport maybe. Well, I've reached the end of that eternity and I've managed to read a couple of books; I know how to say 'how is the weather' in four languages and I've become quite proficient at swatting a little white cork. Sure these achievements seem mind-boggling, but when I look back in thirty years, the most valued memories will be the ones spent with friends and family. Mom & Dad-Love you guys. Wilson-I've known you since the beginning; we're like brothers. Chris-A true friend; you were there for the good times and stayed during the bad; thank you. Despite that I have enjoyed my time here and have done quite well for my self. I've been to all the 'fests' of every type and come away alive. The one thing that this school has taught me that I will remember for the rest of my life is this "A true friend stabs you in the front"

As much as I had expected this place to be another place that I can vaguely recall, there have been way too many memories for me to ever forget (even if I tried). All the trips ("My ears! My ears!" "Kenny waddles!"), the morbid whine sessions (I'll pay you back someday with the gas money... and currency), the plans ("you'll save Africa someday!" "Japanada!"), have convinced me how amazing you people are. For the record - the rope was slack! (I wouldn't have survived without you... and not just in a kayak!). I would love to thank everyone (my friends, family, and teachers even) for making the effort to put up with me. But then, "everything important has been said

before." - A.N.

My first and last year at SMUS has been long, busy, fun and hard. I learned many things about people and myself through new experiences. All my love to my parents, thank you for supporting me. I would also like to thank all my teachers and friends. Sanghoon, Minhee, Yunji and Thomas, all the Korean grads 2001, best wishes to you people. Albert, Cindy, Diana, Daisuke, Jig, Jim, Menn, Scott, Stephen, it was great to know you guys. My roommate, Jin-Woo (Bill) - study hard; but UPenn, no way!!! Sam, Yunyoung, Junwon, Yongsuk, Juwan, Kyungmin, Austin, Kenji, Jin, Lewis, Justin and all the Korean boys, hope you guys do your best without me and hope you guys understand the real meaning of friendship. Keep in touch everyone!!! "There is a magnet in your heart that will attract true friends. That magnet is unselfishness, thinking of others first. When you learn to live for others, they will live for you." - Paramahansa Yogananda

This is my first and last year at SMUS. I learned a lot about so many things, so many good friendships and good memories. I would like to thank my parents, who always have been there for me when I most need it. I became a boarder this year and I'll never forget all my experiences. I will not forget the entire Korean crew at SMUS. Especially, Matthew Lim (my bro), Min-hee Koo (my homework helper), Sam Yoon (the nicest Korean), Sang-hoon Ham (helped me adapt myself as a boarder), Lewis Cho, Jin-Hoo Kwon (greatest Hu-Bae-Dle), my friends (Yun-young Lee, Yun-Ji Lee, Erica Kim, Jun-won Ryu, Yong-Seok An, Ju-Wan Lim, Jin-Woo Baek, Kyung-Min Kim), and my Hu-Bae-Dle. And my friends from other countries like China, Hong Kong, Taiwan, Canada, and Japan. Stephen, Malcolm, Tommy, Jonas, Daisuke, Scott, Kenneth, Jim, Diana, Albert, Richard, Taylor, Wayne and Linda. Those who are staying, I wish you guys the best and don't forget to keep in touch.

I doubt if anyone remembers (other than me) how much I cried when I left SMUS the first time in Gr. 1, but I'll be crying even harder after grad. To my little (or big) SMUS crew, I'm going to miss you all more than anything in the world. Nick, thanks for being my first true friend at SMUS. Murray, I wish I had an older brother like you, and Alex, I wish you were my cousin. Drew & Jenny (jiggle), I really enjoy our late-night-secret-ICQing. To Hilary, Christina, Kendra, and Sue: thanks for watching over me. Chris, your silence is golden (I wish I could talk less). Wilson and Steve (Spielberg), keep on giggling. Eli, I'm glad I'm not alone (and your parties rock!). Heather (Sam), I love you too (for all the times I didn't reply). Mrs. Skinner, thanks for always being there in the morning, even the odd time when I'm not. I will never forget you, my friends. You'll see me in the movies, I hope. I'll be portraying tall characters.

Well, 4 years here has taught me a lot and given me tons of great memories. To my girls thanks for being the best friends in the world, I love you all. I'll never forget birthday season. Karen You'll always be my Russian princess. Thanks for making boarding bearable. (KPIC) Constance We have had some crazy adventures (for the supplement) "Straight but not narrow." Thanks for always giving me a place to crash. Carla Phys.11 and pre-dances were a blast. So "That was unexpected" Remember our missions. Thanks for all the sleepovers. Kerry Earl's night rocked, did you kiss it? Hawaiian party 2000. Scott Do you want to play football? Esben I'll always know you as Mr. Head. Stu, Zevi & Pete

Tetris Attacks. To the Barnfield PF you rock. To my chem. 12 class sorry... Yun-Ji & Amy thanks for being the best roomies ever. To everyone else who helped make my time here the best, thank you. Good Luck and see you in ten. So... if Amber calls tell her something clever.

Back in the day I arrived at SMUS at the innocent age of 5. Briefly I was exiled to Scotland. Corruption began with my entrance into the senior school, as I befriended a number of troubled youths and embarked on new escapades. To the crew (Andy, Mark, John, Geoff) I'll always remember you guys (John's house 2011?). Andy M., Pat - I think we learned a lot through experience (bums can kick hard, blue Gatorade isn't the best flavor and midnight car washings aren't as fun as they sound). Kiyoko, Constance - escape from symphony was a blast, and so was Courtney. Max - we had some great times together man, thanks for the great parties. Carla - you've always been there, with a smile and a twinkle in your eye. Scott, Pete - we certainly did learn how to slack off with 100% efficiency didn't we? Nick, Steve - we should do it again sometime - To all my other great friends who I couldn't mention I hope you achieve happiness in whatever you do. - Stu

There is so much to say but I don't know where to start. It's been 5 years since I came to SMUS and I don't really know if I'm ready to leave. I will definitely miss everyone! Mad props to Fellenz and Tim, my two favorite guys. Fellenz, always remember Vancouver, traffic light/time warp! Tim... because that's the sound of the ambulance coming to take me away, because the sight of you stopped my heart. I will love you forever, you are amazing. Peder, I'll miss you! KatieBear, what can I say? Good times in Hawaii, just say supsize it. It was a very different experience. My girls, Jayne, Sascha, and Bianca, I love you all. Bianca, you are deaf/blind. Sascha, you're a midnight leper. Jayne: d+d and old man rocker. Hey did somebody say rap? Skittle brow, you know who you are. It was CRAZY! To Erick, Alan, and Steen! Newcastle 2001 will be a blast. Well I guess that's it... EMILIOOOOOO! It is better to burn out than to fade away -KID

Eight years is a long time, especially in a place like SMUS. 7:20 am orchestra practices and homework was somehow suppose to make me a better person? Maybe all the school endorsed "stuff" didn't teach me much, but the people I met sure did. Thanks Graham for the morning company. To the other outdoor leaders: I hope I never see you playing old maid again. (Particularly you Andrew) Stu, Zevi and Pete our thinking sessions were great. McDonalds might go out of business without us. 2 L, 54 McNuggets, Pizza Hut; we can take them all. Paul, keep on working hard. Carla I hope your man-bag stopped smelling after our escapades. (New Years, Road Trip 2001) Mike stay away from your calculator, it's the devil. Hey, maybe one day Willis Point Rd. will see a flaming shopping cart race. Kiyoko, you may be prettier and more delightful, but I'll always be cuter. And last of all, thank you Matt Celusak. You're my best friend! We can go to the mall, go shopping...

Not much to say except to all of those reading this I wish the best. I can't really say I truly left my mark on this school except where my head hit the occasionally doorway. Pretty boring stuff eh? To the grad class of 2001: We are the first.

SMUS, the start of my Canadian experience! I have learnt many things such as to my surprise no one lives in an igloo or travels by dog sledge and having a darling (or perhaps 'sexy') British accent is not a burden, for it has gotten me out of many awkward situations with teachers and has assisted in attracting lads. To all my friends/darlings, I love you all, but especially to Kristin: german, slurpees, R&R, "missing classes", Julia: 14 years=best friends forever, Krysta: Miss Olympia and of course my bestest friend, Keely: facemask's, emoguys, walks...where does it end? Mum,Dad & Callum thank you for everything. To the rest "welcome to the real world, it sucks: you're gonna love it".

Best wishes, grad 2001. Wilson: you my boy, dog. Nothing's the same without you. Susan: thanks for planning, cleaning up after us. Chris: hockey, art, flute, j-rap forever. Hilary: all of school, university, together. Crazy. Stephen: can't wait till you get best director. Keegan: you'll be taller than me soon. Alex: without you, who'll make me laugh? Eli: would've dropped if not for you. Christina: you seemed carefree, keep it up. Drew: release a mix, I'll buy it. Tina: everything works out. I guarantee. Kendra: I felt at home with you. Thanks. Nick: WW2 is so better when we're the axis. Jenny: loved your laugh, playful smile. Mike M: we're all groupies in our way. Heather: you thought of other so much. Very cool.

Grads: wish I chilled more with all of you. Always thought nobody in the class wasn't hip. Favorite memories: ski trip, camping (sorry about night in the park), Vancouver, Time Crisis, weekend with Wilson at Susan's. It's been good.

High school...it's been sublime. I arrived at SMUS in grade nine, after 8 years at St. Patrick's. That first year I met Oona, night-walker extraordinaire and Gillgamish's girl, Keely. In Grade 10, the slurpee superstar Krysta, arrived with cream soda-guzzling Tara. After I got my license, the two of them joined me for summer camp, McHale-style; too much cruising and too many causers! Grade 11 brought more eventful midnight strolls, and also the emergence of the Fairfield Front with Corelli and Nick the international poet. Good times in Grade 12 with Kerry, Hastings St. and the MANEK Republic. Meara, Haley, Mrs. Walinga: SMUS crew will triumph at St. Catherine's! Though I loved SMUS, I've also spent the last few years living VICariously through Selub6 (mission:accomplished!) along with Claire, Jill and Paul. Thanks to my family; good luck to Anne and Kathleen! Now everybody come swimming at the YMCA! Besides, we all know what it's like to do something wrong, correct?

The days I thought would never end have. My 12 years at SMUS have been filled with experiences, and I'm sure that when I reflect on them later they will make sense. Smisu, words can't express how much gratitude I have for everything you have done for me, you are amazing. Mike, you are a great guy, I love you buddy. Clark: mi guapo muchacho, I found something. Dave, there is no one like you. Brian, I will pay you gas money one day. Piote, the talks we've had will never be forgotten. Luke, the workouts were fun. Bugs, my 1 and only, I never could have done it without you. Dave where? Mar, roof talks. My love Mo, no rules at the condo, the times spent with you are unforgettable and remember

we don't need them. And to my family, thanks for all the love and support during the years of my life so far. I love you. Adios a todos. "The journey in between what you once were and who you are now becoming is where the dance of life takes place." Barb De Angelis

Five years ago I came to SMUS, drawn by alluring tales of passion and compassion. Although I've moved on to higher learning and life, I'll take with me some fine memories: MANEK, jute monopoly, snow kitchens, catapult making, the Fairfield Front "Not the case, Mr. Speaker!", death pretzels, hussyskap, Beatles trivia battles and Visigoth (Moth? Sloth?) Roth. Some words to my companions in plaid and grey: Vladamira - if you don't get to Moscow you know there's always Fairfield, Graham - you are destined for great things, and the greatest of these is dodgeball, Vicki - give that duck a holiday, Keely - sedges have edges! Murray - most accidents happen close to Hillside, Chris -ENLIST NOW! Remember, this may be institution shaped by truth and goodness, but don't despair of it: its other flaws are few. In closing, I defer to the superior wisdom of George Harrison (with a nod to Mr. Payne) "you have to have them all pulled out after the savvy truffle."

I came to SMUS in Grade 7 with the intention of leaving with close friends, academic superiority, good looks, and a one-way ticket out of Victoria. Damn I'm good... Special memories include Dewyfest, late night coffees at Tim Hortons with Brad and Wayne, discovering the philosophical insights of Eazy-B and 2pac in Middle School with Pat and Glen, being the king of dirty tackles in Grade 10 rugby, memorable voyages in the Firefly with Goulding and some unforgettable adventures of clubbing with Zamain (my bro from Shawnigan). Special thanks to my father, my sister, Grandpa (R.I.P), my teachers and the rest of the people that have supported me through thick and thin. High School has

taught me to never be afraid of the dark yet to always be suspicious of the light and to remember that failure is not falling down; it is not getting up again. Adios!

Robert Frost once took the road less traveled, during my time at SMUS I didn't take the road less traveled, I just took a lot of roads. Academic, Athletic, and leadership activities were the backbone of my experience; friends, parties and adventures furnished it with love, laughter and fun. I would like to thank all my teachers who were there for help and advice, "Yes, I know I need to sleep, but SOMEONE gave me a paper!" To all my friends, thanks for the crazy times, car rallies, parties, Fests and adventures. It takes a lifetime to forget someone; you'll forever have fingerprints on my heart. Mom and Dad: a person is testimony to the love that has helped them grow. I hope to show the world what your support can accomplish. Hayley and Paul: the world is your oyster; seize the pearl. Thanks for the laughter. I love you all and thanks for being my best friends. "It is not in the stars to hold our destiny, but in ourselves." -Shakespeare

I can hardly believe that my 4 years here at SMUS are ending. I have a lot of memories and wherever I am in '01-'02 I'll definitely miss my high school days. When I came from a public school in Gr9 I didn't really know what to expect, but I ran into a budding young actor and an eccentric historian who made my first year a whole lot easier. I showed up 4 months late for Gr10 but when I finally arrived I met new people and settled right back in. Gr11 was when the party really started and Gr12 has been one of the best years of my life. To all my friends, we have to continue our crazy antics at any chance we get. I'll try to visit as many of you as possible. I'll never forget things like the camping trip, the ski trip, summers at the Roxy and "ramming speed" trips to McDonalds. To the whole grad class, don't forget our great time together at SMUS. Go out into the world and don't be afraid to be independent or unique. This is our moment.

One saga ends and another begins. I have made the most of my 8 years at SMUS participating in all aspects of school life. My time at school has been filled with ups and downs but my friends have helped me survive along the way. To my parents - thanks for all the support, encouragement and love, Broder - always my best friend, Bronwein - hrrr, bitter, quite and great memories, Wayne - here's to fun at Queens, Moll - remember x' = 1, Amy - have fun at Northwestern, Mark - how is Karl anyway, Stu - thanks for the name, Tay - no more Pat - next Porsche motorcycle. To all the rugby guys - what a tour and I am not a chinuit and don't live in an igloo. To my little bro, stay out of trouble and keep on drumming. To everyone I left out sorry and I wish you the best. To the graduating class good luck in the future and don't live on past glory. When I came to this school in grade 3, I instantly made friends with Phil and over the years new friends have come and gone, but my 9 years at SMUS has been a long road that I'm happy I traveled. I have learned a lot over the years, most of which I have already forgotten. I want to start by thanking all my friends that have made my stay at SMUS so great, Phil, Amar, Mike and my mommy, Heather. And for the boarding girls Haley, Lyndzey got to love you and the kids I didn't mention you will always be remembered. I have enjoyed the time I have spent with everyone, whether it's during the spare games, the parties, the car rides or just plain hanging out, it has been a blast. To everyone keep in

touch, you can always find me on ICQ as NUTZ, so look me up whenever. Its time for me to head into the vast world and I hope to see all of you at our reunion in 10 years. I'll hunt you if you don't show. Finally thanking my parents for there support over the years. SAUCE!!!

The following is an intercepted H.I.S.S. coded message. Operation SMUS is coming to an end, whereas Operation O.B./J.B. 187 is still in full effect with Dr. Zombo leading the way. The farmer still is and always will be stuck in Ampipe. Let it be known that the Naked Guy's sauce is spreading and it will soon cover a certain hosehead. Holmes, "The Group" must live on with us. Mr. Special Pants is drinking special tea while the Inuit Fijian chases chickens singing, "Shalalalala live for today." An elephant's nose has been hijacked, special agent Janus is a prime suspect. The Copmputer has struck again and several larynxes are missing and presumed to be covered in BBQ sauce. A T.V. movie based on the primes is expected to be out soon. End Message. All of you who failed understand this message, let me leave you with this quote from one of the foremost men of our era.

Tonight, as I write this, the air is cool. (Do you remember?) Outside, two yaks fight lustily, crying *Arp! Arp!*, as tens of boys and girls look on, knitting. (Some things never go out of style.) Having just eaten a meal of pergies, screech, and coriander, I feel heavy and a little depressed; I glance at the bowl of pretzels but soon feel Lully's joyful presence above. Suddenly happy, I run down the hallway at ramming speed, fling open the convenient jute windows and, as if it were the second-to-last thing I'd ever say, shout at the top of my lungs: *Vive le Fairfield libre!*

After three years, the first exams and texts and chemistry accidents (well, non-scarring ones) are already gone from memory. What you just read is what remains. To all those who got even a little bit of it, thank you for your passion and compassion; it may be naïve, but keep in touch. If foolish enough to listen to me, remember: the past isn't dead. It isn't even past. Correct?

Three years was really short. First year, I spent a lot of money on the phone bill; I phoned my family and my Japanese friends. Vivian and Lin helped me to feel comfortable here. Vivian is strong person and she is really nice. I will be there for you all of the time! Lin is really cool person and she always helped my English. We love to go to shopping and I always feel comfortable being with her. Second year, Yuko came to this school. We went downtown on weekends a lot. She is good listener. Third year, I mostly spent time with Taylor. He is really nice and my big poochie. Also I spent time with Doris, Min-Hee, and Katherine. You are really funny and sweet!! I love you guys! Don't forget about me and don't eat too much! I'm really glad that I came SMUS and met my friends. I'll never forget you guys! Diana you are my best roommate! Everything I ever need to know I learned at boarding school. My blindness was comparable to a dead cat before arriving at this school. In an environment that tolerates apathy, weakness, and deceit, it was enjoyable to meet and greet those few characters whose smiles were beautiful. When I grow up I want to be just like those people that live, act, and speak without internal consequence. Your soul is the center of one's character and to some is blocked by a protective barrier of self-consciousness. My attempt to stand-alone led me to gain some faith in the folks that are about to unravel on the road ahead. Many folks left me in a state of hysterics. Nocturnal behavior is for professional ninjas only! But, if you choose to commit such crimes, relish all pride for the sake of the jury. I will remember to control my feet when frustration invites the urge to walk away. I leave armed with skill and determination and grace too. Luff me.

A whole new world was introduced to me as I walked through the quad on the first day of Gr. 10. Not knowing a soul except my brother, I quickly made friends with Amy and Linda. Linda-Every week was a new colour! It always looked good though. Amy-How would I have gotten through Chem. without you? Here's to gym with Eminem. Next came stories of Paper Bag Princesses and mittens. Kristin-It's been 3 years and I have no clue where to start. Oona-"Vivat Universitas" Krysta-Summer '00! Gr. 11 came Devin-My fellow Nanainite! Thanks for being such a good friend, ya Southie. Gr. 12 brought Lyndz-Too bad you didn't come earlier, but you're here now. To Trish-What can I say?! "FLASH" and watch out for those pylons! NOEN forever. To Dave-My professional confidence booster. Finally, Mom and Dad, thanks for everything and ALWAYS believing in me, I will look after you in your old age. I've been at SMUS for five years and well, it's certainly been interesting. I've met some great friends. Grade 8: Frances - Turkey English muffin sandwiches in Hawaii with 'N Sync and Tom Green. Grade 9: Johnny-baby - thanks for the laughs. WB rules! Hawaii in grade 10 translated into boarding in grade 11. Carly - Roomie, you're unlike anyone I've ever met. Good job keeping secrets: Mr. Moby and romantic interludes. We (you, Tom Jones and I) had the best room in Winslow house. Thank you Mr. and Mrs. Tongue for making my year in boarding a good experience. Back at home for grade 12: Thank you mom and dad for being supportive and liberal parents. I love you guys. Rachel - "Why you always gotta front?" Glasses raised for Monica's 21st. Kate and Rachel night with GREAT 80's chick flicks. You're great, love ya. Thank you Mr. Skinner for believing in me; Acting will always be a part of my life. SMUS: thanks for the opportunities, thanks for the memories.

I know that it's customary to end these things with a quote, so I'll start with one. It comes from the immortal words of Dickie Fox, the greatest sports agent of all time: "Hey, I don't have all the answers in life, I failed as much as I succeeded, but I love my wife, I love my life, and I wish you my kind success." Ok, so I'm not married and my life is far from over, but it's a quote, you know. I guess, since you'll be the ones reading this, the right thing to do would be to give the youngins some advice on what I learned best at SMUS: 1: Get into classic rock, teachers love discussing vintage albums. 2: Recitations: stick to drama, unless you wanna get shafted 3 OUT OF YOUR 4 YEARS HERE. And 3: No matter how hard they refuse you, keep pushing to do the greatest musical of the 20th century, you guessed it: "Newsies". But above all, you must remember that the greatest lessons in life can be learned by watching reruns of "Saved by the Bell".

Why is apostrophe such a long word? If a tree falls in a forest and no one is around, what colour is it? These are just some of the many questions that have occurred to me at my seven years at SMUS. Though they have not improved the world they have taught me to look on life from different angles. At my time at SMUS the thing I have enjoyed most are rowing, lighting for the school plays, and early morning strings practice (not). To all my friends: Paul, Nik, Nic, Marie, Nicola, Vicky, Katie, Louise, Marissa, Lindsey, Eli, Drew and many more, I thank you for all the fun and priceless memories. If I was to give one piece of advice about boarding, it'll have to be "Always keep your pants up." This applies especially in the foyer of Bolton and Timmis and also in Jonas' room. Living with a group of Asian weirdos has never been so freaky. Ranging from noodle parties to cruel punishments for card games (7 step pig heh heh). Sharing a room with the wildest and most unpredictable guy for 2 years has made me wonder what effects does Coke have on other people after midnight. For my friends that has left footprints in my heart: Tom, watch out for Jonas and don't use 'fatality' too often. Kenken, I suddenly go missing, find me at the bottom of Chapters, try not to disturb what I'm doing. Met, just watch out. KH, keep your hands to yourself, we're divorced remember? Dora, your DVDs are too expensive, I'll open a VCI factory. Captain, stop bullying me, we're soulmates aren't we? Whatever that means. And my real sis, take it easy when you get here.

I came to SMUS in the middle of grade 10. Thanks to the Jones and Nitz, I settled in. You made me feel at home, thank you. Nitz, I got the letter. Sumect, thanks for making the decision you did in English class. I don't know where I'd be without you. Thanks for listening and keeping me on the straight and narrow. Taylor, escapes to your house, fun nights in boarding with the tuke. You taught me how to relax and have fun and work hard. Mandi, I'll get the hugs right, thanks for being you. Sunsets on Tolmie, fun in the rain, the snowball fight, cricket matches, the Harvey guys, are all memories (life lessons) that I will cherish always. I'd like to thank my family for having faith in me over the years and giving me the best opportunities I could have ever had. I'd also like to thank my RDL buds for everything - here's to the future. Grad 2001 just remember: Meet with triumph and disaster and treat those two impostors just the same.

Although I came to SMUS 3 years ago with doubts and anger, having to leave my friends in Taiwan, Now I'm most grateful and thankful to my parents for sending me here. Mom and Dad, I know I never said this, but I love you. Not only have I made life long friends, but also useful skills. For my teachers, houseparents & friends, how can I thank you enough? Dian: We spend too much time together it's freaking me out! No one knows me better-Jig: You're one amazing guy who knows exactly what to say & do to make me feel better, thanks for lending me a shoulder to cry on. Menn: I'll never forget your Superman/menn joke & all the good times we had. You transformed Fishie. Scott: I'll remember ur intimate sis talks, best sis/bro forever-Jen, Sally, and PDA: I'd miss the late night talks & the warri hands u held out when needed-PDA, take care of urself w/o us! Cindy: Don't forget "Ben Affleck"-Helen: Thanks for being around! Liz: You will always be in my heart-Erin: BEST roommate! Chris, Jeff: Thanks for ur support!

Here's to those who've created the most memorable years at SMUS. Jo, I'd stand on the end of the breakwater in a storm for you. Spicer, thanks for the \$2986.75 that I've mooched. Andrew, why am I eating in every picture that you own? Am I still your angel? Rory, the pinstripes did it for me. Ryan, don't touch my chin. Heather, "Intermission." Mike, "bluhlu". Linds, where were you last year? Jawl, are you a model? Uh-huh. Fraz, it's been dope fly. Jayne, your friendship is timeless. Pud, I het you. Courtney, "I'm gonna go home." I'm there for you weather I'm 2 doors down or not. Someone once told me that you get out of life what you put into it. Now I see what you mean David. You have my love and respect, thank you for introducing me to your family and letting me be a part of your life. To my dad, your turning out to be just like you and to my mom, don't let anything stand in your way. I love you both entirely. Cheers!

So many things to say and not enough time. Many memories were founded at SMUS. Boarding life, staying away from home for more than one week, learning to cope with Brown Hall food and making friends. And that was in the first month! Rorry and Stinky, you are my stalwart and stead fasts. I would have never made it with out you being there hacking me up. God, I'll never forget; don't pick action movies, don't enter the kitchen and always invite yourself over! Be PUSHY!! Jesus!!!! Outdoor leadership; Ian and the coke, thank god. Meg's "problem." It's amazing we made it through the whole ordeal. Caitlin; sushi nights and singing to Cher. Heather: I love you, you complete me! Winslow is NOT boring!! Bowling is NOT my thing!! My love of singing and letting everybody know. Clark; stick to what you want to do and follow it. I know you'll achieve. Good luck to everyone and live life to the fullest.

Mr. Roberts entered the hallowed halls of SMUS in grade 7 and soon became friends with a number of young hoodligans. After learning many of life's lessons in the middle school, he moved on to bigger and better things in the senior school. My fondest high school memories include weekends in grade 9 (never again Zombo), midnight car washes, UK Rugby Tour 2000, Castaway-Wanderers rugby (Back2Back BC Champs!), eating at Pyke's, Dewhyfests, parties at Rockland & Moss, and other social events. I want to thank all of my friends for making my school life as enjoyable as it was, as well as my teachers, coaches (particularly Tony Cordle) and all members of the bodybuilding community. Karen, you are unforgettable. Finally, I want to thank my parents for giving me the opportunity to live in this country and for sending me to SMUS. I don't know where I would be without you guys. As I look back over my six years at SMUS, I'm overwhelmed by so many happy memories. Well, actually, I can't really remember much from some of those earlier years, but I remember it was fun at the time. I've made the most amazing friends along the way, and I just hope I can keep in touch with them. I have fond memories of the snowboarding trips, and especially of the summer 2000 camping trip. Then there are the memories of duets with Kendra, soundtracks with Mike, physics with Hilary, Playstation with Alex, music history with Christina, movie trailers with Stephen, hamsters with Chris, debating with Keegan, jibing with Jenny, chatting with Sally, innovating with

Eli, gossiping with Heather, joking with Murray, planning with Susan, and summer schooling with Wilson. As for the future? I don't know. Besides, "most plans are just inaccurate predictions" - Ben Bayol

All the memories made from my three years at SMUS have definitely made these years the most unforgettable of my life so far. To all my friends: Kiks-thanks for everything! You taught me so much and we've had some incredible times. What position? blender, a late night, too many books! Thanks for listening. Inga: never forget Malibu in the bathroom at rock climbing and our constant food binges. Conny and Carla- we had some great adventures. And finally to the coolest two people ever, you know who you are. Thanks for all the memories. SUZE, lazy nights, talks, laughs, fights, You are definitely not picking the movie! Erin I'll see you in on the farm. Meg stay away from the heartbreakers sweetie pie! You both mean so much and will always be remembered as my favs. See you later Miss Teen USA and Red Devil- can't wait to see you in 10 years! Glen- I'll remember you always. Wow! 3 years later and I'm still as innocent as my first day here. Good luck to you all!

Well.. It has been 7 years since I came to SMUS in grade 6 and in general the school has treated me pretty well. To my friends and all those who have helped me through the years, be you student, teacher, or other, I would like to say thank you and wish you all the best. To my enemies, I am keeping your names inside a little book and when I become rich and famous I will crush you like bugs. To everyone else, I hope you had as much fun as I did and see you at the reunion.

Seth Shich**1999 - 2001****Destination:** New York**Origin:** The Lone Star State**Alias:** None

I came to SMUS two years ago. I have made many friends since that time, progressing and growing in ways I never thought about before. Boarding has taught me day-to-day self-management and responsibility, while the school system has taught me to take pride in my work, to always strive for greatness even when seemingly impossible. Whether good or bad, SMUS is a place where 'sports' means the rugby team; where a 'friendly gathering' means with Bailey and Jack; where 'Brownhall' means flushing the toilet eight times in one night; where a 'video camera' is a houseparent; and where the benefits of the school and the value of boarder camaraderie is seen only afterwards, in and after the final departure. The point at which you step off campus, turn and look back, all the people you had come to know organizing their luggage (some already driving away), and you realize the impossibility of experiencing the same combination of elements, the same group of people, even if you return years later to find the school unchanged.

Its the end of three long years at SMUS, filled with ups and downs, and some fun on the side. Vicki, you're priceless. Willy, also known as Gangsta Boy, keep in touch buddy, maybe we'll talk on the phone sometime. Tommy, T.T., just chew the noodles once! You're awesome. Malcolm, Jigger, you are you, that's it. Menn, keep up with the music. Yun-ji, Jee, lets complain about stupid boys more often. Amy, you know, someday, I might just go to Terrace and visit you. We had a sweet year rooming together hey? Kat, ROOMATE!, you're a hilarious roommate, slightly messy, but who cares? Tara, don't get into too much trouble! Hansi, well, what can I say? It's been one hell of a year, but I think, in the end, it was worth it. You know what I mean. Everyone else in my life, you know who you are! At last, my family, for supporting me through everything.

I had some great teachers along the way who I would like to thank but most of all I had some great friends. I am not going to try to mention here all of the names and all of the memories, though I'm going through it all right now in my mind. I can say that I am glad that I went through it and that I am ready to move on. For those who went through it all with me, thank you, and I wish you the best. On a more personal note... We had some fun. Word up to Andrew and John, you guys are the bomb. I just wanted to recognise, AB, CD, E, F and G. The letter of the day is Z. Brought to by the numbers 13 and 7. It's been a long lifetime since grade one. What a relief it is now that I can sit back and look at all the
 years I've spent at this school. I can't wait to leave. I'm thrilled to be receiving one of those lifer (heer)
 rags, just for surviving so long. Bottoms up. Granted, I've learned a lot, but I still suck at spelling,
 my writing is messy as hell, and I never came to love math. These things may never change.
 Nevertheless, I'm prepared to move on. I've been through a lot at this school. More than anybody
 realizes, and I've discovered inevitable truths: sometimes you got to bite the bullet, and sometimes you
 got to say what the hell. I refuse to die, I will survive, and here I go again on my own. Thanks to all
 the people who have given me their respect and have helped me choose and change my paths throughout these years. I will
 not forget. To all my fellow grads: the world is our stage; lets play. Love, G. Smith.

Mike came to SMUS in grade eight after many years lost in the public school system. After five years and far too many pops, he has many memories. Andrew: The Ville, post office, whitey hot tub. Kamloops (getting hit by flying purses), struggler-hunting. Phil: Grizzled-offs, Stadacona Park Joergtoberfest '99, mush night. Rory: Ball trips, food related injuries, late night Ind'y cravings. Ryan: I'm looking for a hole! Smells like boodissy, rykahall. Cam: Sodafest, beach fort, pukeahontas. Noah: The Fests, Superbowl '99, the choir game. Amar: Roof racks on destruction night. Noelle: Forensic scientist, BDI soft ice cream. Mike: Where's the nearest bus stop? Caitlin: You still owe me 20 minutes.

All the others Lynz, Inga, Flor, Heather, Rich much love. To the elevens, good luck running the show next year. I also want to thank my family and teachers for helping me get this far, without you I'd be lost. Remember, the cream always rises to the top-IHL.

Last year in SMUS and my high school life gave me an incredible impact to my life. I will treasure the many memories that this school has bestowed upon me: providing S.S with my best buddy Tim; playing basketball for the whole day and chat for whole night with Flora; I will miss you man; To my roommate: "Don't be so gay". To my lovely parents, thank you for the opportunity of a great education and for the constant love and support. Thanks to everyone who helped me to open my eyes, especially Crystal, Raymond and Anton. Many thanks to the great teachers, especially to Mr. Fisher and the Camerons. Hey, Flora, it is sad that we can't play basketball together anymore. I won't forget the time that we were together in SMUS. Tim, thanks for always being with me all the time, it was fun to have you beside me. Finally, to all my grads, I love you all, good luck in the future!

So this school St. Michaels has been quite the experience—so many new things done. It's been a great 3 years "I would like to acknowledge the following pedestrians: Merrin Vancouver was great—the bus ride even better! Gayne you're the best, we've had good times—too many of the aromatic kind and we've turned into compulsive eaters. Sascha and Fran you guys are bad—Fran don't ever order pizza again and Sascha you have the best "disease". Skittle brow to the rescue! Heather we'll always do the fries and gravy thang. Nicholas you're my best friend, you've changed my life and I'll love you forever. Max you're the funniest, strangest person, I hope you had a psychedelic experience with the bears. Have a good life everybody—hope everyone succeeds. PS: remember, if anyone needs surgery in about 15 years, you know who to call. cheers SMUS and Co. totsiens from the South Africa

What's up? The ceiling (it's pink, can you tell?). After 13 years here, I should have something profound to say about this place, but I don't. I guess I owe a huge thank you to all my friends; you know who you are. I doubt I could have survived without you. I'd like to say that I'll always remember you guys, but with my pink memory, who knows? It's entirely my mother's fault. Favorite memories include two weaklings in a double kayak eating grass on the grade 11 out trip, pink, the ski trip (snowboarding makes the bruises worth it), out door leadership with Help-I-Can't-Ski Kendra, pink, camping trip (yeah yeah, we all know why), French Beach (Kenny lives on, and is oh so cute), getting yelled at every lunch hour because, really, we have a million and one other places to eat, pink, The Dying Party, and whatever else comes up. I love you guys so much; it's been great. If you're ever looking for me, just remember: she's dead. I ate her.

Moments together transcend the times we will be apart. So many memories and so many bonds made within SMUS. First and foremost, gratitude to The One Above, for blessing me in more ways than I know. Mom, dad & LP, thanks for always believing in me, trusting & supporting me. To my 3 sisters in SMUS: Sally: so which "ta" are we talking about now? Thanks for sharing all the good & bad times every second! Buddies forever. Diane: please wake me up again! You're the best roommate! Lin: never forget our special power! Jiggy&Menn: Green Hand. Green "wassup"bi? Doesn't sound any better. Thanks for the name. Ruth: see you tonight in my room! Scott: my math skills will improve one day!

Wayne: bitter-sweet, I will never forget all the memories we've had together. Lastly, to the people who were once here gone, but not forgotten! You will remain dear in my heart.

Two years at SMUS have flown by quickly but they will have a lasting impact on the rest of my life. I would like to thank all of my friends - you know who you are, and I appreciate your support and "good times." Some good memories include the Silver City all-nighter, the enjoyable ski trip, the dance floor at the Grad Cruise, and of course, the great times hanging out with the "group." I would like to thank all of my teachers, especially Mr. Gardiner for his ability to motivate me, Ms. Roth for such a fun English class, as well as Mr. Fisher for his witty jokes. Well, we made it to grade 12...at least, most of us did. We had some interesting experiences. 'Sigh' good times. But really, the school's been pretty good. There really are some good teachers. Well, *some* anyway. OK, fine, we'll leave it at a few. But in the end, it's not the teachers that make up the school, it's the students and as far as grades go, ours is pretty good. The most important thing I have learned was taught to me by my friends. They have truly taught me what it means to be a good friend, for this I am grateful. Kiyoko, my fellow adventurer and corruptor thanks for being a phone call away. Constance, Earl's night was a blast, so where is Cubbon St Sascha, I wonder why we haven't been in a PE class together since Gr.9? Caitlin, how do I sum up 13 years of friendship, except by nodding my head. Kerry, I was saying Boo-erns, good times! Stu keeper of my secrets, tasty taters at my house. Mark, you're the most! Max, thanks for being there when I needed to vent. Zevooshi, it's all in the name! Geoff, all my memories come from Japanese class, voice-activated video camera ring a bell! To my parents, thank you for all that you have done for me, and my brothers for helping make everything bearable! In grade eight a handful of kids from St. Pat's managed to leak into the SMUS Middle School system. A few of these students formed an alliance with members of the community originating from a motley assortment of other educational backgrounds forming a kind of "Supergroup." This "Supergroup" fluctuated violently in power, losing and gaining members over time, finally rising to the height of its influence in grade 12. In the 2000-2001 school year, the newly top-floor-Challenger based "Supergroup" ruled the system with an iron fist: dominating the fields of chemistry debating, BC Calculus dropping, Gula-worthy-fake-Star Wars 2-trailer fabricating, Chicken McNugget-Tuesday celebrating, and even ghetto posing...anyways, I'll always have love and respect for you- so if I happen to be working for you in the future scrubbing your cyber-toilets, don't fire my sorry self when you get a Computron 3000 robotic butler. Thanks for being there.

On graduating, I want to first thank my parents for the lessons and the opportunities they gave me, for their endless support when I am down, and for their never diminished love and care. It is through their hands that I grow, learn and approach my life goals step by step. Secondly, I want to thank all the teachers at this school who nurture, assist and guide me on the voyage to the future. Every action of theirs is significant in shaping my personality, my goal and my destiny. After all, it is time to say goodbye not only to the teachers but also to the students. Best wishes is that all I can say. And from now on, we shall move on and make a difference in this world.

SMUS is good, but 4 years is definitely enough. All the day & nights of playing, studying, eating and EATING have changed myself both physically & mentally. Here, I met my best and my worst and something that is privately unforgettable! Ha...KAT-AMI-MIN-YUMI, we are gonna keep in touch no matter where we are! KOO MIN HEE, you are the best roommate ever, I do cherish the time and everything we have done! Thanks for understanding my abnormal temper. Kat & Amy, I can never forget what we have done in gr. 9 & 10. KAT- remembers how many rolls of tissues can you hold at once? Sorry for always putting my hands on YOU! AMI-thanks for teaching me the word "characteristic". Come and visit PIP! sometimes! HINANO-you are the princess...I know! Get the diploma and build up your fashion world, I know you can do better than LV. Thanks for the BOLTON guys' entertainments-Tommy, Tim, Jonas!! [Diane, Ken, Diane H, Kei, Cindy]... ARIGATOU. Lastly, thanks for everyone who has helped me out in the past. Very lastly, thank god I met "you", aishiteru.

Five years have passed since I have first arrived at SMUS in September of 1996. These five years were very challenging as it provided me with many valuable experiences and memories that I will never forget. Kevin and Saru (Itsuki), it was really fun to be with you guys and thanks for those useful lessons. Aniki (Kyotz), I really thank you for being helpful, funny, and a cool brother. I respect you from the bottom of my heart. Kenneth, you and I are the best roommates ever and I won't forget all the wonderful times we have spent together since grade 8. Tommy, Scott and Malcolm, stay cool Menn, I respect your musical talent (guitar). I would also like to thank all the important people I met

in these five years: Scott Mitchell, Shinchon, FLY, Lermuel, Lance, Vasin, Yos, Chie, Todd, Rich W., John S., Yuto Shunsuke, Aki, Trevor, Jamie, the Bolton prefects, and Camerons. At last I want to thank my Mom and Dad for their love and support.

I embarked on my journey at SMUS twelve years ago and now the long winding road is coming to an end. I am glad to say that I have met some really amazing people along the way. I would like to thank my Mom and Dad; I couldn't have made it this far without you. A special thanks to all of the teachers and friends that have made my life here so memorable. Graham, your friendship means a lot to me and I'll remember all the good times together. Mr. McLeod, I am grateful for all of the unforgettable experiences in the outdoors. Yet this is just the beginning, the beginning of what, I don't know. For everyone not mentioned in this you are not forgotten. My sincerest wishes go out to my fellow Grads. This chapter in my life has ended but these memories will live on forever.

This year's Junior Girls Volleyball team had a spectacular season due to the coaching and assistance from Mrs. MacDonald, Mrs. Hyde-Lay, and our manager Tara Parsons. Every girl on this team deserves to be commended for their effort, individual improvement and great team play! We had a successful and fun-filled season. During both games and practices, our team never gave up, despite some tough breaks which caused us to finish eighth in our city league pool. Numerous weekends were spent playing volleyball. A few highlights were the Camosun Tournament, where the whole team played well, in which Milica made the all-star team, and also the Jr. Girl's ISA's, in which each person played enthusiastically, with much effort and skill. Some of the best volleyball of the season was played in this tournament; we finished in 4th place, with Rebekka making the ISA all-star team. To everyone who ever cheered from the bench, or supported us from the stands, and to the parents and minor officials, we send out a HUGE thank-you. Finally, to the grade nines, just three words - GO GET 'EM! Thank you for a great year!

This year the senior girls' volleyball team had high hopes, with the diverse talent and enthusiasm that was evident right from the beginning of the season. The team started practising early, but we knew competition would be tough. The ISA's were the first major tournament of the season. Unfortunately, they fell on the same week as the grade elevens' out-trips, but six determined girls went anyway, finishing in fourth place. Congratulations to Karen, who was named a tournament all-star. The Camosun and Vic Lindal tournaments provided more good playing time with tough competition. At the Vic Lindal, on home turf, the girls acquitted themselves well, earning a third place finish and two all-star spots for Beckie MacDonald and Caitlin Smith. Due to a change in the league, the team found that their AA competition would be weak for the most part, so league play became a

time for experimenting, working on skills, and giving everyone plenty of play time. We found this enjoyable, although in the end our league standing was low. No matter, we were on our way to the Island Championships in mid-November! From the beginning of the Island tournament, it became clear that the top two teams, Brooks and Woodlands, would be tough to beat. It was a tight race, but in the end we found ourselves in a three-way tie for third, and ended up in fifth place based on sets lost. Congratulations to Beckie MacDonald who was named best defensive player and Anna Burianova who was named to the all star team, although she played with an injured arm. So, after a full season of hard work and good playing, this very promising team settled for fifth place on the Island, the best result to date for SMU'S Sr. Girls Volleyball! Well done, girls!

The junior girls field hockey team began the season with five returning players and eleven new players. Although the team had very little experience all players quickly improved and the team recorded three wins, one tie and two losses in the regular season play. The team placed second at the ISL tournament and fifth in the City tournament. Throughout the season Malina's defensive sweep saved at least ten goals. Jaime, Jessica, Erica and Laura gained valuable defensive experience and should become the key defenders for the team next year. Amy consistently took control of the game with leadership dribbling and hitting skills. Jenny was able to set the pace of the game with her quick and powerful hits. Liz covered the opponent's strong side of the field by using her reverse stick. Brianne and Kerry learned how to take the ball to the right and score lots of goals. Sarah, Claire, Grace and He-Jin gained valuable experience on the forward line and scored several goals for the team. And finally the most important player on the team - Meredith - our goalie. Without her, we would not have done as well as we did.

TAs in past years, the Senior Field Hockey Team was composed of both Grade 11's and Grade 12's. The team competed in an interlocking league with AAA schools. In addition to league play, the team competed in many tournaments including: SLS, Bridgman Cup, ISA, Islands, and BC's. The Islands this year were held in Victoria, and the team finished in 2nd place, after knocking off GNS and SLS in a penalty shootout. The team then traveled to Burnaby, and competed in the Provincial AA Championships. After a gritty and inspiring performance, the team finished a respectable 7th place in the province. Key performers for the team this year included co-captains Caitlin McKenzie and Corrina Mick, Meagan Brown, Pippa Ahrens, and Noelle Quin.

The Senior Boys Soccer team started off the season with aspirations of great success. The team consisted of a small group of senior players and several grade eleven players that came from the very successful junior team of a year ago. Despite all of the individual talent, the team was slow to meld together and this led to a slow start to the season. In mid-season we competed in the ISA tournament at St. George's and came away with a third place finish. After finally becoming a cohesive unit near the end of the season we started to be plagued by injury. The effort and commitment that was lacking early in the season became very apparent at this point as we had so solid performances against the top teams in the league. Ironically, these performances resulted in losses: a defeat to Spectrum on a last minute penalty shot, and a strong fight with Oak Bay that ended in a one goal loss.

Our final league standing was a disappointing tenth place with a record of 4-8. Strong but sporadic play was typical of this team throughout the season and the desired outcome, a trip to the Provincials, was not achieved. All players on this team contributed greatly. Our defence was held together by the grade 12 veterans, Rory Connolly and Taylor Harrison. The backbone of the team was the midfield that was controlled by Grah Day, Paul Zakus and Sean Bell. Our forwards had moments of greatness throughout the season but goals were hard to come by. Best wishes for the graduating players to the grade elevens in their season next year.

The senior cross-country this year was a small, but dedicated group of people who weren't afraid to show their talent. After early training, the team proved indomitable in the first race at Lambrick Park. The group shone through to show the city that they were a force to be reckoned with. Throughout the season, the caliber of running only increased with strong finishes from everyone. Krysta Chocrane managed to hold on to numerous top finishes. The boys had a few more stellar runners to capture the 4th team place in the city. Future running stars such as Andy Orr, Jason Ko, Steve Mitchellmore, and Chris Wong make up the roster of the tight knit group. The Island Championships were held out at Beaver Lake, and a backbone of runners from St. Michaels managed to make a splash with a boys team finish of 8th place. Andy Orr finished 11th in the senior boys, qualifying for the provincial championships. Krysta befell an untimely accident and after biting the gravel was forced to drop out of the race. The BC championships also held at Beaver Lake yielded approximately 600 runners from throughout the province. In a race that Andrew Orr managed to pull off a respectable top 50 finish. Of course, there would be no results to brag about at all if it weren't for all the hard work of Coach Judy Tobacco. Congratulations to all, and best wishes for a successful season next year.

This year's track and field team, although small in numbers, possessed a great deal of talent, potential and enthusiasm. The season's goals included personal improvement and encouragement of new athletes and with lots of hard work and determination, runners, jumpers, and throwers advanced their skills and produced some excellent results. Training with the Oak Bay team and the format of the relatively new Grand Prix Series allowed students to experiment, receive expert coaching in numerous events and enjoy extensive competitive opportunities. At the junior level, students were encouraged to try new events, maintain a high level of participation and develop fundamental skills. As the season advanced impressive progression was evident and at the penultimate meet of the year, fifteen athletes earned berths to the Island finals, held this year at Nanaimo's Rotary bowl. On the day, numerous outstanding performances were produced and many personal records set. Highlights this year at the senior level included Lindsey Larsen displaying incredible discus skill, Andrew Orr learning to hurdle, and Kyrsta Cochrane continuing to develop as an excellent hurdler and middle distance runner. Unfortunately, due to injury and academic pressures, only one athlete, Andrew Orr, qualified for the senior provincial meet. It was not surprising that this tenacious athlete was very competitive in the arduous and tactical steeplechase event, but also ran his personal best against some of the top middle distance runners in the province. The coaches, Ms. Tobacco and Ms. Hannan wish to thank all of the students who participated during the season.

The cycling team season was great this year. The team raced in the Lower Vancouver Island League and achieved notable standings. G. Smith took 1st place overall in the Senior Boys Division, while A. Orr placed 6th and T. Spearing was 15th. E. Holtham, P. Zakus and S. McBride should also be mentioned. The Senior Boys took 2nd place overall. On the Junior side, M. Bridgman placed 6th while A. Scott was 11th. C. Noble, T. Buzet, C. McLean and M. Ho also placed well. Overall, the Junior Boys took 3rd place. With these great results, and the majority of the team not yet ready to graduate, next season should be anticipated with much excitement. Thanks to Coach Larry Borgerson for his enthusiasm.

Judged purely in terms of wins and losses, the team did not enjoy a particularly successful season. From the start of the season, the team was aware of the challenges that lay ahead. Indeed, in a hugely competitive local league, it proved extremely tough to qualify for the City playoffs. Nonetheless, the players gave a terrific effort, displaying a wonderful attitude and team spirit. All of them appeared to enjoy the experience, and should contribute well to the Senior program in the future. In a team without a regular starting five, all players had their moments. Jaclyn Flatten was perhaps the best natural scorer, while the aggressive play of Rebekka Keough and Zoe Gamache often reaped dividends. My thanks to all involved, and best wishes for the next two seasons.

The team began the season with a lot of expectations, and, overall, did not disappoint. Early season games confirmed a high degree of athleticism, although overall lack of size at times presented problems. Locally, there were several good battles with Claremont, before a sloppy opening defeat to Ladysmith in the Islands yielded a third place finish. Happily, this still allowed the squad to participate in the BC Invitational Tournament in Nanaimo. In the BCs, the team just failed to match the exploits of the champion 1997 group, falling by 6 points in the semifinals to New Westminster before rebounding to beat Ballenas for third place. Logan Smythe, David Spicer, Craig Cavin and Ryan Willms were a skilful and competitive quartet, while Mark Quinlan, Adrian Cochrane and Tosh Matsumura also played many valuable minutes. Grade 9s Taylor Willms and David Crapo made further significant contributions, while Aman Pooni always made the best of available floor time. The core group of the team should move smoothly onto the Senior circuit, and have SMUS back on the provincial basketball map after two lean seasons. My thanks to all the players and to Mr. Steve Macdonald for his support, coaching expertise, wisdom and humour.

WICKET PLAYING

Another successful cricket season has come to completion. Some 60 students were actively involved with the game this year. Unfortunately, the weather this spring was at times uncooperative, which resulted in five games being affected, three cancelled, two curtailed and several being "3-sweater" games. Nevertheless, the 20 plus games we did play were very enjoyable. The schedule included 2 "1st 15" games, one against the alumni and the other against the Staff. The Alumni game turned out to be a Nail biter." The Alumni batted first and, thanks to Matt Wenman's 23, scored 1104 all of 26 overs. The best school bowling was by Morgan Price with 3 for 23. Apart from Morgan the schools early order succumbed quite quickly to the bowling of the Graham Snowden and A Coppens. Fortunately, the late middle order of Stuart Masterton (with 18) and Esben Shoen (with 12) gave Morgan (who ended with 30 not out) good support. However, by the end of the 26 overs, the school had scored 100 for 8- just 4 runs short! Ten games were played against the VDCA Midweek (Pub) league teams. These were very enjoyable games. The following players were retired having scored the 25 required: Morgan Price (2), Matt Lemay (2) and John Campbell. Several "2nd 15" games were played with Stelly's and PCS. A lot of useful experience for both boys and girls was gained in these matches. This year three games were scheduled for the Girls: two games against the "Wicket Maidens" and one against the Female Staff. The staff game had two particular good players on the staff side- Jane Hannan, who we knew about, and Lindy van Alstine who surprised everyone (including herself!) The House league resulted in Harvey and Symons winning for the second year running. Despite a spirited 25 by Stuart Jones for Bolton and Timmis the bowling of Sumeet Leekha (3 for 9) and the batting of Matt Celusak (28) for Harvey and Symons was enough for the win. The Clayton Cup game was very successful game played between Esben Shoen's 11 and Morgan Price's 11. Esben's team batted first. Despite Morgan's fielders initially appearing to be unable to catch the ball, after 6 drop catches they went on to catch 8 of the batters to hold Esben's team to 53 all out. The top scorers were Ivan Golian with 13, and Esben Shoen with 10. The bowling was led by Morgan Price with 4 for 28 and Stuart Jones with 3 for 20. Morgan Price's 11 managed to score their required amount thanks to spirited innings by Andrew Murgatroyd (13) and ample support by the rest of the batsman. Overall we had a very successful season again. My congratulations go to Morgan Price for captaincy of the team: He showed great sportsmanship and leadership throughout the season. My thanks also to Mr. Michael Walsh, as always, and to Mrs. Donna Williams, Mr. Mel Jones and Mr. Jake Humphries, for helping with scoring.

This season was a great learning experience for the team. There were many ups and downs, but the guys pulled together. This year our team comprised of a great mix of grade 9 and 10s. The competition in the A flight was very tough as many of the teams we played had a large contingent of Metro and club players. As the season progressed we started to gel and one of our best games was the final league game against a very strong Oak Bay team. The contribution of all our players was very satisfying for coaches Wendy Shergold and Beth Johnston. It was great to see first time player Vera Kapelle score her first goal ever. Our strength came in many forms – Corryn Craven with her amazing throw ins, Zoe Gamache and Dionne Harrison with their boundless energy, Stephanie Shergold making great crosses from left wing, Brittany Crowe and Elise McCarten's skill in midfield, Anna Koehlen our trusty goalie and Clare Hauser our 'terminator' on defence. Our season culminated in an ISA Tournament at Brentwood College. The girls practiced diligently for 4 weeks from the end of the regular high school season to the ISA Tournament. Their hard work paid off as the girls played their finest games at Brentwood and returned home as ISA Junior Girls Tournament Champions!

Though at times things seemed shaky, the team had a tremendous season and pulled through together in the end. The team competed in various tournaments throughout the season, though the police tournament in particular was a highlight. Winning the first game, the girls put a challenge to Mt. Doug, the island's number one ranked team, and fell short by only nine points. Corrina Mick received an all-star, as the team finished a well-deserved fifth place in the tournament. A spot at the Islands was looking like a stretch as the team trailed Oak Bay by 5 at the half, but pulled together for a huge victory, which ensured a trip to the Islands. The team entered the Islands as the underdogs, being seated last. However, after a tremendous 15 point victory over Spectrum, who had won the Cities earlier, and then a win against Carihi, the team earned a go at the 3/4 game versus Vanier. In the game the girls put up a challenge, as Vanier was having difficulties making it past the star defender Caitlin McKenzie. Unfortunately, the team fell short by only a single shot on Vanier's side, and so lost the chance to qualify for the BC's. A fourth place finish at the Islands however was an outstanding finish to the season. Beckie Macdonald earned the highest award, being named to the 1st all-star team, while Corrina Mick made the 2nd all star team, and Anna Burianova received honorable mention. The team could not have made it this far without their two seniors Caitlin and Corrina. Also, coach Linda Forsythe went through a lot with the girls. Though frantic at times, her coaching expertise helped each individual player. Tara Gallaway, the girls' assistant coach, was also a big help. Even through the days of being nine months pregnant she attended to the girls until every last second, always offering helpful advice and 1 on 1 coaching. Thanks everyone for a great season!

The badminton team is a team that competes against all AA and AAA high schools in the province. The coed team is a selection of the top players from all the students in Grades 9-12. In league play this year, the team had a 10-2 record. This incredible record placed the team in second place for the Lower Island. At the Lower Island tournament, the SMUS team had made the final against Oak Bay. However, the powerful Oak Bay team managed to squeak through by winning 6 games to 5. Nevertheless, the team qualified for the Provincials Tournament in Kamloops, the team appeared in prime condition as we knocked off both Westsyde and Prince of Wales on the first day. However the second day saw our provincial title slip through our fingers as we lost three consecutive matches 6 games to 5. The team finished a very respectable 8th place in the province. The finish was the top on the island, second for AA schools, and was the best result the school has had in the last 5 years. Leading the way this year was the undefeated singles champion, Brad Jawl. In addition, the play of Vicki Hsieh, Noelle Quin, Wayne Lau, Max Boeheline, Morgan Price and Steven Lee was outstanding. In fact, Max played well enough this year to beat Mr. Hunt in exhibition match - Yes Max, you win! - Each individual on the team was a delight to coach, and I look forward to another unbelievable season next year. Thanks to all.

This year saw the hopes of SMUS golf rise to new heights. In the first match of the year, the Victoria Police Tournament held at the Gorge, the team placed second behind the reigning Provincial Champs, Oak Bay. With such a good start, we were looking forward to the Lower Island Championship at Glen Meadows, and for 17 of the holes we were in contention for a spot in the Island Championship. Unfortunately, we missed out on the Lower Islands by a slim 5 shots having taken a collective 10 over par on the dreaded third hole. We tried to bounce back in the ISA tournament at Cowichan but despite winning the longest drive and the closest to the pin awards we came second by a single shot. In the annual staff-student tournament, held for the first time at the Victoria Golf Club, the students managed to pull off a narrow victory over the staff by the score 7+01. This has been the best season in years and things look good for the future. Only one player, Graham Day, is graduating this year which means that our young team have time to improve in the future. To all the players I would like to say thank you and well done!

The SMUS Crews had an exciting season, beginning with the Crabfest Regatta against our club competitors Belmont, Lambrick Park, Spectrum and Esquimalt at the Gorge. SMUS Crews won the regatta overall with 7 wins and 8 second place finishes. Our next regatta was the Invitational regatta at Elk Lake where SMUS had 3 wins in the junior girls and senior boys events. Though SMUS was favoured to win 4 races at the LVISSA Champ, we came away with 3 wins in the junior girls quad and eights, and senior boys eights, 1 second in the senior boys quad, and 2 thirds in the senior girls eight and quad, with our junior boys winning the B final in their quad. A dedicated group of 41 rowers trained exceptionally well as a team and were renowned for their sportsmanship and decorum at regattas. Yun Ji Lee should be congratulated for her motivational coxing while Haley Hankins and Greg Smith demonstrated inspirational leadership.

Junior Rugby B

It was something of a long, tough season. It was obvious early that lack of physique would be a problem (especially against a gigantic St. Georges XV), but most disappointing was a poor turnout, which meant for the first time ever, the school was unable to field two teams at the age group. Yet, rather than focus on this negative, better to look at the positives which did emerge from the campaign. Given the lack of poundage available it was necessary to spread the ball wide at every opportunity. As a result, some attractive rugby was played, even in defeat. One could surmise, that, when the size factor evens out higher up the school, the wit and enterprise required this year will pay dividends. In ISA play, Brentwood were defeated at home 14-13, care of a last second try, but this was followed by a heavy defeat in the return fixture. Ironically, perhaps the two best performances of the year came away to Shavynigan (a 22-15 loss, in which some lovely tries were scored and some fine tackles produced), and against St. Georges (a 22-0 defeat which did no justice to a courageous rearguard action). During the year, injuries (most, it seemed, occurring away from the field of play, and a cavalier attitude to regular training, on the part of some, blunted development. In a side wafer thin for depth, these were tough obstacles to overcome. Unfortunately, space does not permit mention of all players, but leading the way throughout was centre Adam McLean. Through the year, through steady application, he improved out of sight, and deservedly ended the year playing in the Island champion Grade 10 side. His effort and reliability at training were a model others would have done well to follow. How the group cope in Grade 10 will be interesting. The athletic talent is there, and the overall lack of physique will begin to even out. With determination, more devotion to training, and an improved turnout, anything is possible. Much of what has been written here was written a year ago, and that Grade 9 side returned to go through the Grade 10 season unbeaten, untied and ISA and Island champions.

DESERVED GLORY

B.R.: C. Sandover-Sly, L. Smythe, O. Parrott, C. Cavin, B. Strocel, T. Matsumura, M. Quinlan, R. Wong, P. Hoffer.

F.R.: M. Cho, J. Burian, C. Swanson, T. Brunner, K. Suensson, C. Kim, A. Cochrane, B. Avasadanond, P. Bregg

Thirty-eight players took the field playing in twenty-eight games. Both the 'A' and 'B' XV's played against ISA opponents while everyone took part in local competition play. Although the 'B' team lost all bar one of their matches, the players should be pleased with their application and development. The play of Liam Gorman, Peder Mork, Stephen Harmer, Carl Swanson, and Gareth Davies deserves particular mention. Local Victoria school games went well with the whole squad being involved. After finishing first in pool play, the squad defeated Central in the semi-final. A week later the side faced Oak Bay in the final, having convincingly beaten them in earlier exhibition play. In a much closer game, the team stretched out a narrow half-time lead to win the City Championship 27-12. In ISA competition, the 'A' side, starting from their first game, had an unbeatable combination of skill, speed, and spirit. This began with three victories at the season opening tournament at St. Georges. First round wins were then achieved over Shawnigan and Brentwood, with a close home win over St. Georges. Although both Shawnigan and Brentwood proved much more difficult the second time around, the 'A' side held on to claim the ISA trophy. A real burden came with the loss to injury of Dave Spicer (top points scorer with 111 in a little over half the season) and forward leader Nick Wray. The team missed their play, but every member improved their roles to new efficiency. At the Island Tournament, the Colts handily defeated Dover Bay and got by Brentwood to reach the final against archrival Oak Bay. After a nervous start the team was down 7-7 at the half. However, the team's self-belief came through with four tremendous tries to win 22-7 and claim the Island Championship and remain unbeaten for the season. In a total team effort some players do deserve special mention. In the forwards the play of Takaya Brunner, Josh Matsumura, Nick Faryna and Ben Strocel was noteworthy. In the backs, captain Fraser Lee, top try scorer with fifteen Logan Smythe, and Craig Cavin were most valuable. Thanks to coaches Mr. Kuklinski, Mr. Tongue, Mr. Farish, and Mr. Anderson for their knowledge and enthusiasm. Thanks also to parents for your support and encouragement. Finally to all players, thank you for your efforts. Remember the cream always rises to the top!

The 2001 senior rugby season began with much excitement as a very experienced squad set their sights on a provincial title. The 2nd XV competed in exhibition games as well as in local competition, with the 1st XV playing in the BC Premier competition as well as meeting three touring teams before entering the local playoffs. The 2nd XV began its season with two promising draws against Ladysmith and West Vancouver. The team continued to improve; scoring very impressive wins over Stelly's, Claremont, Mt. Doug and Reynolds, while further victories were also gained over the Brentwood and Shawnigan 2nd XV's. Then, in the final game, the 2nd XV scored a 27-17 come-from-behind victory against Oak Bay II's to top off an unbeaten season. Among the many solid performers, a number of players received a chance to play for the 1st XV. These included forwards Chris Adair, Jason Ko and Nick Wray, while Chris Chapheau contributed a team leading 13 tries. The 1st XV season started well with solid exhibition wins. Arch-rivals Oak Bay were next in line at the annual Boot Game, with a quality team performance ensuring a 23-12 victory and the return of the Boot to SMUS for the first time since 1996. Following a convincing victory over G.P. Vanier to open Premier play, three touring schools paid a visit. Gutsy team efforts could not quite overcome a stream on injuries, with all three games lost, two of them in the final minute. The Alumni Day clash versus Oak Bay would decide the Island Premier champions. A bitter 26-24 last minute loss was followed by a similarly heart-breaking 34-31 defeat in the Howard Russell Cup city final. However, prior to heading to the BC Provincial Tournament, the team rebounded with a BC Premier third place win against Elgin Park. At the BC Tournament, the squad opened with an easy first round win over Gleneagle, followed by a quarterfinal victory over Kitsilano. In the semifinal against Shawnigan the team gave perhaps its best performance of the season in a resounding 50-14 win. Appropriately enough the opponent in the final was #1 ranked Oak Bay. In a game with real test match presence, the two best teams in the tournament produced an exciting spectacle in which the lead changed hands four times. Unfortunately, for a third straight time, the 1st XV finally went down by a narrow margin, this time 15-13. In spite of the disappointment of a second place BC finish, the season was nothing less than a huge success. Much fine rugby was produced, while all involved gained valuable memories and experiences and developed teamwork and character. While not wishing to take anything away from the team effort, several players deserve mention. Captain Rory Connolly, who was selected to the BC School Commissioner's XV and was the Team Award recipient, led the squad very well. He was ably supported in the backs by flyhalf Mike Spicer and centre Steve Mitchelmore, while, at fullback, Mike Pyke became top try and points scorer (20 tries, 221 points) and also represented Canada at the Under 19 World Cup. In the forwards, prop Geoff Homer and flankers Mark Shortt and Malcolm King laid a strong foundation for the team. A special thanks to coaches Mr. Kuklinski, Mr. Hyde-Lay, Mr. Tongue and Mr. Shergold for their expert tutelage and dedication. A further thank you to all the parents for unwavering support, and, of course, to all the players.

senior girls
soccer

The senior girls had a tremendously successful season, winning most games with a solid lead of four or five points. The girls, however, found difficulty in defeating Lambrick, their double 'A' rivals. This loss placed them second in the double 'A' league and third overall in the city. Despite these great standings,

the hopes of a well deserved provincial attendance did not materialize, since only one team from Victoria is able to advance to provincials. Strong performances from all contributed to this successful season. The team had great coaching from Mr. Leggatt and Mr. Mclean, which also helped (especially the treats which boosted their energy!) Thanks to all for a great season!

THE IMPORTANCE...

A PLAY BY OSCAR WILDE

"You have invented a very useful young brother called Ernest, in order that you may be able to come up to town as often as you like. I have invented an invaluable permanent invalid called Bunbury, in order that I may be able to go down into the country whenever I choose."

Algernon speaking to Jack (Act I, scene ii)

Helen Chen (make-up) and Stephanie Cave (Miss Prism)

John Payne (Algernon), Kate Paulson (Cecily), Kerry Morin (Gwendolen) and Greg Smith (Jack)

Miss Prism: (Calling.) Cecily, Cecily! Surely such a utilitarian occupation as the watering of flowers is rather Moulton's duty than yours? Especially at a moment when intellectual pleasures await you. Your German grammar is on the table. Pray open it at page fifteen. We will repeat yesterday's lesson.

Cecily: (Coming over very slowly.) But I don't like German. It isn't at all a becoming language. I know perfectly well that I look quite plain after my German lesson.

(Act II, scene i)

Kate Paulson (Cecily) and John Payne (Algernon)

"I really don't see anything romantic about proposing. It is very romantic to be in love. But there is nothing romantic about a definite proposal. Why, one may be accepted. One usually is, I believe. Then the excitement is all over. The very essence of romance is uncertainty. If ever I get married, I'll certainly try to forget the fact."

Algernon speaking to Jack (Act I, scene ii)

John Payne (Algernon)

...OF BEING EARNES

GRADE 12 DRAMA

"To speak frankly, I am not in favour of long engagements. They give people the opportunity of finding out each other's character before marriage, which I think is never advisable."

Lady Bracknell speaking to Cecily and Jack (Act III, scene ii)

Kerry Morin (Gwendolen) and Greg Smith (Jack / Ernest)

Jack: (Nervously.) Miss Fairfax, ever since I met you I have admired you more than any girl ... I have ever met since ... I met you.

Gwendolen: Yes, I am quite aware of the fact... We live, as I hope you know, Mr. Worthing, in an age of ideals... and my ideal has always been to love someone of the name of Ernest. There is something in that name that inspires absolute confidence. The moment Algernon first mentioned to me that he had a friend called Ernest, I knew I was destined to love you.

Jack: You really love me, Gwendolen?

Gwendolen: Passionately!

ENLIGHTENMENT

Promise

Breathe...

the crisp, frosty air
sweet smell of fallen leaves, at the end of their time
The true "golden age."

Listen...

to the rustling of the last remnants of
a long and fruitful summer
Longing for those days far past.

See...

the colours of a dying glory,
leaving their legacy behind
A hope for the next generation.

Feel...

the warming sun, deceptively so
with the cold creeping through the shadows
A denial of the truth soon here.

Taste...

the fruit of an earlier era,
the way it always is, and always will be
A promise of life to come.

Swimming Hole

Burnished wood like
silk under my fingertips
as I paddle down the inlet.
The worn seat creaks,
woven leather pulling at the gunwales.
Water purls against
the sides of the boat.
A deeper green, the forest on either side
rises above the gray-brown beach.
In front, my mother points ahead
back burning in the sun,
I stretch my neck.
A tiny cove overhung
with maple boughs.

My Oceans

We rode the train to Nanaimo,
you, me,
the Glo-Worm who lived in my pocket.
We shook hands
with the man at the station
in the hat and the blazer.
He let me blow his whistle and cry
All Aboard!

When we got home
you put your uniform on,
crisp like paper,
gave me a bear hug,
a squeaky kiss on my cheek,
thanked Grandpa for watching me,
and waved
from your car.
I waved back,
grinned,
and ran to my room
to cry salty-sweet tears

but only Grandpa noticed my oceans.
All you saw was
the smiling face and
the flapping hand of
the blue-eyed
kid in the window

"I AM FROM S.M.U.S."

Hey,
I'm not a Reynolds Roadrunner or a
Mt. Doug Ram,
And I don't get Pro-D days,
Or eat from a cafeteria,
Or wear grubs everyday.
And I don't know Jess, Huf, or Jeff in
grade nine,
Although I'm certain they're really really nice.

I have a headmaster,
Not a principal.
I reply to my teachers in English,
NOT ghetto slang.
And I pronounce it "prefect", not "perfect".

I can proudly sew my school's crest on my blazer.
I believe in 6 day rotations,
Not daily schedules.
Work crew, NOT detention.
And that the blue devil is a truly fierce and
dominant mascot.

A kilt is a skirt.
A "run" is 2400 metres.
And it is pronounced "Ma'am", not "Maam",
"Ma'am".
S.M.U.S. has the second largest fields,
Is the FIRST school in rugby,
And the BEST part of Richmond Rd.

My name is Andrea
And I AM FROM SMUS.
Thank you.

BLACK AND WHITE

Ca commence, l'écriture

*When I was six
I aspired to write a book
about my life.
I set down my blue
Fisher-Price table,
smooth around the corners,
plastic, light.
My pens, all sixty of them,
blue, green,
metallic purple, neon pink,
scattered on paper,
the cover page on which I
had drawn a stick girl
bow in her hair,
pink skirt.
The story began:
"Once upon a time there lived
a little girl named Amanda.
She lived in a big house
in a field with her mother,
father and two little brothers..."
and ended:
"Mother, Father
my brothers and I hugged
and lived happily ever after."*

*I was so sure the book would be a hit,
6 pages of it
complete with illustrations copied
from Beatrix Potter,
even page numbers,
scenes.*

*I never noticed every chapter
was incomplete.
That life didn't begin and end with hugs and kisses,
that the beginning
would come as doors slamming,
glasses breaking.*

*Rejected and caressed, all at the same time.
Maybe I should scream, maybe I should tear
Down my eyes, and go crazy for a while,
So I can quit brewing feelings that were

*Opening my fingers, I fell into the hole I dug.
A little worried, and a little pale, I should really
Lie down and rest, stare into the fading horizon,
And forget everything I've ever made a mistake in-
Just breathe.*

*I don't know if I was ever ready to complete you.
With every disappointment, every last wish,
The ending seems so near, and I can't even do a thing
To revive death. We're already crushed with
Lingering touches.*

*It's my fault, really, I knew we couldn't be
From the first time I was hypnotized by your scent.
But we died faster than we could wake up,
And failed, again and again, in the first dance-
Last embrace.*

Loveline (Box 2432)

I am a tall, middle-aged non-smoker who loves the outdoors and a good wine. No kids, financially secure. I am looking for long-term commitment with a working woman, 30-50. You must be gentle and outgoing. You have seen the world and are ready to settle down. You want companionship, a porch, maybe some knitting. You grimace when you hear sopranos. You laugh at bad jokes, cry at subtitled movies, and growl at the neighbour's dog. Your nails are unpolished but your eyes are shadowed. You hold your chopsticks one in each hand; you never order the fish. Bessie Smith makes you sway, Billie Holliday makes you angry. Your tongue curls but doesn't fold. In winter, you breathe on all the windows. When the paperwhites come, you light candles, celebrate. In the peak of summer, when the days are long and the sprinklers loud, you go to the field by the old convent and lie down, face to the sun, hands pressed to your ears as if they're all you've got, as if you're afraid they'll fall off, go tumbling into the clover - you know.

Saturday Market

The tourists arrive mid-morning off the ferry, wander through stalls of silver jewellery, healing crystals, lip balm at \$8.95 a pot. They come here to see long skirts, facial hair, Birkenstocks, to finger tie-dyed shirts or buy a picture of a beach. They tell everyone to keep the change. In heels or closed-toe leather, the gawk at island girls who refuse to shave their armpits, at the bored kids in the park who spend these long summer days drinking or smoking pot or having sex in the woods near Beddis Beach. The market disappears in the late afternoon, which is when the locals head downtown for groceries, to pick up some screws and nails, a bottle of shampoo from the drugstore. And on the 4:20 ferry, the tourists are glad to return to traffic lights, to closely packed neighbourhoods and movie theatres that don't double as churches.

NOT EVEN A CLOUD

I Have Never Been Married

*Last night the lease expired on my husband
And this is the last chance I'll have to walk through his rooms.
I was working on sanding down the walls
To paper translucency,
A house of ice clear as boiled sugar.
I was hoping to stand outside and look through him,
Perhaps, in time, add floodlights
For the benefit of neighbours
And passersby.
Look, they would say. The transparent house.
I don't know the new owner
Just that she has a plaid skirt
And lots of energy.
I am confident she will take up the renovations
Where I left off.
I feel a contractor's camaraderie with her;
She will try to repair the weak foundation
The flimsy panelling
The inadequate, leaky roof.
I'd like to talk to her some day,
Have a sistery chat.
"Complaint number one: pretentious.
Complaint number two: chews so loudly he drowns out the radio.
Complaint number three: similar, in his constant whining, to a wee girl."
I miss him so.*

BANFF-CALGARY TRIP

An eighteen hour bus ride seemed a daunting start to our trip, and certainly provided more than enough time for us to realise that our bus was more than a little cozy. This resulted in plenty of "bonding time". After the Banff hot springs and skiing, we performed at the Bow River Senior Centre, then moved on to U of C and a barn modelled auditorium. Our last stop was the Kamloop's Fogg **207** N Sods.

The highlights were singing on the bus, Geoff's constant jokes, and roughing it at Punta Mona. Pura Vida!

WINSLOW

WINSLOW WARRIORS

What can I say to sum up an amazing year for the Winslow Whirlwinds? Should I stress that we are the best house out there? Or should I play nice and pretend that we are on the same playing field as all the other houses? Let me state the truth! The Winslow girls have dominated in every possible way this year. Though the prefects were slightly daunted by the overwhelming 20 new girls to pass through Winslow's doors this year, they have handled the challenge with grace, compassion and understanding. We began the year with our energetic new house assistant, Becky Davis as well as new Senior House Parents, Mr. and Mrs. Tweedie. Not only have the Tweedies settled easily into the rhythm of boarding life, but they have also made this year a special one for us all to remember. Colleen and Nicole were also active house "mums" with regular cookies by the sign-out sheet, and movie nights on weekends. We had our first house dinner before Christmas at Kipling's at the Empress which went off very well, the buffet being the main attraction! Pizza nights were another favourite.

Thinking back, it is impossible to recapture all the memories of our year in Winslow but some do come to mind: Jennie leaving for 7-Eleven at odd hours; Marissa showing her disdain for the camera; the camera in general; Mr. Tweedie dressed up as Santa scaring the girls; Jaclyn never in her room; Anna's obsession with pink; Rachel's great fall; the noisy foursome on the second floor; Katherine Pui finally arriving in boarding and being SO much more than we expected; Claire and her constant colour changes; Grace and her eating habits and many, many more unmentionables. We loved you guys even when you drove us crazy. To the prefects: Sally, Flora, Helen, Jen, Diana and my Assistant Head of House, Ruth, thank you so much for the effort that you have put into this year. We have supported one another wherever needed and I would entrust the house to any of you!

From all the Grade 12s: Rachel, Marissa, Stephenie, Helen, Flora, Sally, Diana, Jen, Ruth, Krysta and I, we wish the rest of the house and the PIT's the best of luck in 2001-2002 and Thank You for the fantastic year you have given us.

BARNACLE BULLDOGS

Things were stirred up in Barnacle with the arrival of the new senior houseparents, Mr. and Mrs. Jackson. Mike, Matt and Shaye, returning to be the best houseparents as usual, provided some stability. Somehow, Jigger (Me) was chosen as Head of House – I don't understand how the Houseparents figured that one out! I was assisted by Black Horse (a.k.a Chris Yang) and supported by Clark, Scott, Matthew, Thomas and Eric. Clark disappointed everyone by giving up his "Chosen one" duties to Scott. With these "great" figureheads leading the house Barnacle had a fun year. Cameras installed in the foyer tired to dissolve the late night prowling but to little effect. Numerous grade elevens were still drawn out by the beautiful stars with Jinwoo's ordering of late night pizza being the highlight. For all young Barnacle Boys: ask Jinwoo for tips on stealth and moonwalking skills. Sang Hoon and the new guys, Matthew, Thomas and Sam, you've kept the Korean pride. The tradition of going to the Keg for House dinners is still going strong. No doubt it's our favourite and Sampang doesn't have enough to feed jiggy anyway. Hopefully we can climb back to the top of the House games standings once again after slipping all the way to sixth at one point. Pieter Colson's return to the house halfway through the year was a bit of a shock. The kid was a few inches taller and 20 lbs heavier! Must be the food down in the states. Overall it's been a great year in Barnacle. Good Circle to the PIT's and next year's prefects. To the Jackson's – congratulations on surviving your first year in boarding.

TIMMIS

TIMMIS TABOO

Hot Timmis Spices Up Boarding!

With the number of new girls equalling the amount of returning chicanas, Timmis House was a bustling, spirited environment. Guided by four very capable house parents including Mrs. Hyde-Lay, Ms. Walinga, Miss Hannan and Ms. Stefan, the girls completed the year full of good, not to mention some funny, memories.

Sports: Who's Hot? We're Hot!

Maybe it's the water - maybe it's the raw spirit pumping through the building. Whatever it is, the southern building, known better as TIMMIS BOLTON, has managed to fare very well at the weekly boarding house games and has in turn stayed on top of the house points week after week. Dominant performances by key athletes combined with a fantastic cheering squad has earned this house reputation for being a hard-to-beat group of ladies. Bolton knows to stay away from the girls, especially Amy, or they might be caught with their pants down...literally.

Entertainment

The famous star Karen was spotted at Macaroni Grill setting a new record for the number of tomatoes eaten at one sitting along with everything else on the table. When she asked the common question, Kiyoko replied, "No, it's too big not big."

There's a new movie coming out called "In the Middle of the Night" starring all boarders, but featuring Tim and Katherine doing a superb job of pretending to study. The special thing about this movie is it changes every night, still starring Tim and Katherine (pretending to study). For some reason, Linda never appeared in the movie during night hours.

With the lovely Doris Yip being our wonderful Yearbook Editor, the scoop on the life and times of Miss Yip will undoubtedly be censored. Let it be known that she wore great shoes.

Weather

Rain, sun, rain, wind, rain, rain, partly cloudy, SNOW!, rain, sunny, rain, windy, rain, rain. The exception to the weather forecast is the one-meter radius around Miss Hannan, who always seems to be sunburned.

Moral of the Story:

Keep an open mind! To all the girls of Timmis House, we had a fun year! Keep up the awesome work. You are a talented bunch of ladies and we wish you all the best. To our fellow prefects, (Kiyoko, Doris, Katherine, Karen) your help has been invaluable. Grade twelves the best of luck to you on your journeys...

BOLTON BUDS

This year was filled with laughs. This year was filled with sadness. Well not really, Bolton Buds always manage to make lemonade out of lemons. From the beginning we made a pact to bring home the house trophy. We talked to the rest of the prefects, and they felt the same way we did. House Games were to be our number one priority. Once our goal was clear, the house rallied behind us, and it was easy from there. Everybody made a good show for house games and participation was flawless, whether we were injured or sick. Everybody brought his unique skills to the games: athletic ability, problem solving, or pure 110% effort.

The camaraderie didn't end on the field. Through house games, we all became friends. It didn't matter if you were younger or older, we all hung out. House outings were a great time to get together, touch base, and just chill. From house dinners at the Keg and Millo's (Greek) to late get-togethers, we did everything together. Whenever the prefects got together, turbulence was just around the corner. Waking up Mr. Cameron (Nice red nightgown, sir) and having him run down the hall yelling, "Where is the girl?" It took a while to convince him that it was just Kei Hau screaming. Where was Brian?

Unfortunately, we will be losing Mr. Borgerson next year. He will still be working at the school, but is looking for a house upgrade. We wish him the best of luck. On behalf of the house, thanks for the last couple of years. You were great. We also lost John Thomson, our grade eight supervisor, to Korea. We miss you, but thanks for the room!

To all the younger grades, thanks for the great turnout for house games. You guys made our job easy. The best advice from the prefects is to work hard, but play hard too. Never forget that life doesn't begin and end with grades. You are here for the experience. The memories in school will last forever. Finally, thanks to Mr. and Mrs. Cameron. Your endless support and caring allows the house to thrive. Mrs. Cameron and her soft touch and Mr. Cameron always listening and supporting the students makes your room a haven no matter what the problem may be. We have been lucky to have you as our house parents. Thank you.

SYMONS

SYMONS SUPERSTARS

Yet another most righteous year ends for Symons House with much thanks to the very capable prefects Heather, Amanda, Marcia, Emilie, Yumi and Diana. The house managed to keep up its well established reputation of being, well.... "Snucy" by fully enjoying our next door neighbours, especially Yoko, Heather and Emilie who bring Harvey! Symons unity to new heights. As for the house's most understanding achievements, one towers over the rest—Claire was able to locate a boyfriend! This year's graduates are characteristically defined by being "out there" like Heather, who we still don't trust behind the wheel of a car; Amanda, the dedicated house Cox; Marcia, the nationally acclaimed Squash Champion; Emilie, the original owner of the invisible cape; and finally, Yumi and Diana the sweethearts of our class. Taking into account that in every life a little rain must fall and that this year's rain was losing the house games trophy, I hope that the house will overcome this small hump in the road and fight for it again next year to bring a legacy in the road of sunshine to Symons. Though, overall the house had a great year, enjoying themselves in a pottery class, watching the "brothers" at work in the Japanese Village, scaring the kiddies in the common room Haunted House, staying up late for midnight skate, our dates with Harvey, which include coffee nights and pizza outings, and much much more! Next year Symons will be losing Ms. Bculah, who is moving on to bigger and better things... she will be sincerely missed! Finally, to all our nurturing house parents, Symons House would be nothing without you, thank you for everything. Best of luck to the house and its graduates and farewell to the rest!

HARVEY WALLBANGERS

The year in Harvey House started off with the welcoming of two new duty masters and a new grade eight adviser. It was a tough task filling the shoes of their predecessors but they managed to succeed extremely well. It would be very remiss of me if I did not mention the foundation of Harvey being the Cooks & Mr. Walsh. It's the ongoing teachings and support of these fantastic house parents and duty masters which makes boarding worthwhile! Harvey House started off the year with four prefects: Noah, Menn, Albert and myself. Shortly after we welcomed Sumet and Eddy into prefectship. Thanks to all the prefects for a terrific job in running the house and maintaining order while still having fun! The year began with the prefects welcoming 20 new students into the boarding house and showing them the ropes. After settling in the newbies, the year went by quite smoothly but just as school was getting into the swing of things, the Wallbangers experienced a terrible blow losing Aashish Kumar who fell ill with leukemia, but is now recovering under the care of his parents. We are backing you all the way Aashish and we wish you good health and best wishes in the future. Hope to see you back soon!

Looking back on the year, I remember all the memories: hanging out at Romeos with the Symons girls (it's been great having them as neighbours). How could I forget house pranks? We had the privilege of catching a certain group of girls from Symons putting honey and flour on our doors and doorknobs. In retaliation, hair gel was put on their doorknobs and all over their doors. Then the Harvey/Symons prank against the other houses with toilet paper, shaving cream and toothpaste over the front doors, then paying for it after by cleaning up the storage room and wiping up the mess. Our house outing to Siam with the guys was great, pictures in front of the Parliament Buildings, the Haunted House, acting out the Christmas Pageant in Chapel (Sean comfortable in his role playing Mary and the guys as sheep), gingerbread house making, prefect party in Noah's and Menn's room, the pets (you started that one Pat), Seth's waterdog (too bad it got sick), Siamese fighting fish fights, feeding time with Pat's frog and Eddy and Dowhy's rats. Throughout the year the house began to feel more and more like home.

Going onto house games, it was a gallant attempt to regain the house trophy from two years ago, better luck next year boys! It has been an incredible year that has just flown by with some hardships, surprises and good times along the way. This year has created and strengthened friendships, increased trust, respect and support not to mention discipline thanks to all the 7 ams and work party that the guys had to do. A big thanks to all the guys for making this year a special one. Oh, and to all the old Harvey Boys (there isn't much of us left now) - What are you?
